Department Plans Major I-10 Paving

A paving contract on Interstate 10 has been awarded to the Highway Commission by the State Department of Transportation. The contract is for the paving of the highway from the Jordan River Bridge to the Gulf of Mexico. The project will be completed by January 1, 1972.

Fire Damages Chicken Hut

A fire in a chicken hut on Highway 90, near the Jordan River Bridge, caused damage to the building. The fire was caused by a gas leak. The chicken hut was owned by a local farmer. The fire was extinguished by the local fire department. The damage to the building was estimated at \$5,000.

OUR OPINION

County Unit System Can Help Hancock

As election time draws near, the people of our county must take a final look at all of the candidates in the race.

Let's be honest with ourselves this time... WHAT DIVISION OF OUR LOCAL GOVERNMENT CAN REALLY HELP HANCOCK COUNTY? ... The Board of Supervisors. HOW CAN THEY HELP GET OUR COUNTY ON THE MOVE? ... By implementing the County Unit System of Government (initiated and endorsed by the Mississippi Economic Council.)

We have had the chance many times to take this needed action, but have failed because of lack of leadership and initiative among our Supervisors. What we hear from our present board is "it would be a good idea but let's do a study on it". Both the Mississippi Economic Council and General Electric have already studied this system. The program is endorsed by the Bay St. Louis Jaycees and the Hancock County Chamber of Commerce, organizations comprised of many of our community's leaders. In addition, this newspaper supports the county unit system and pledges to lend assistance to get the program underway.

Tuesday night, the Governmental Affairs Committee of the Chamber announced that a form will be presented to each supervisor candidate asking him to state definitely his position on the county unit system and the possibility of its being implemented in Hancock County. The results of this survey will be published in next week's issue so that we can vote on this community candidate for the county unit system.

The form will be presented to each candidate as reported on the Editorial Page.

Senate Committee Approves MTF Funds

Democratic Senators John C. Stennis, Miss., and Allen J. Ellender, La., said today the Senate Appropriations Committee has approved \$20 million, including \$11 million earmarked for Mississippi Test Facility/Sidell Computer Complex, for the National Aeronautics and Space Administration's space shuttle program. The \$11 million to be spent at MTF is to be used for modification of two test stands to enable testing of the engines for the space shuttle. The remaining \$9 million would involve six other space shuttle projects.

The Committee's action is the way for a show-down vote in the Senate on funding the space shuttle program this year.

The House of Representatives recently deleted the \$20 million from the NASA Appropriations Bill, seriously clouding the future of the space shuttle program. If the Senate vote passage of the funds and prevails in a conference committee with the House, construction at MTF could begin as early as Dec. 31, 1971.

The MTF rocket testing stands and their companion computer units in Sidell, La., are scheduled to support some 1,500 development, acceptance, and engineering tests of engines to power the shuttle, beginning in 1973 and lasting the year 1979.

That would be the bulk of the testing of the shuttle engines, including all sea level testing. Tests of the engines at higher altitudes would be conducted elsewhere.

The space shuttle is to be a reusable vehicle, designed to carry men and material into space, re-enter the earth's atmosphere, land on specially built runways and be used again.

The space shuttle is to be a reusable vehicle, designed to carry men and material into space, re-enter the earth's atmosphere, land on specially built runways and be used again.

Leanna Sams Given Alcorn Scholarship

Leanna Sams, well-known local track star from Hancock County, has been awarded a full-year grant-in-aid scholarship by the Alcorn A & M University, Mississippi.

Miss Sams, 17, is the daughter of Rev. and Mrs. R. N. Sams of Pearlman. Although better known for her athletic ability on the track field, she was a member of her senior class and plans to major in pre-med.

Miss Sams recently participated in the National and International A.A.U. track meet in Kansas City, Mo., where she won a gold medal in the 100-yard dash.

She also won a gold medal in the 200-yard dash at the same meet. Miss Sams is a member of the Hancock County Junior High School track team.

Alcorn A & M is a four-year college located in Hattiesburg, Miss. It is one of the largest and oldest colleges in the South.

Miss Sams will be attending Alcorn A & M in the fall of 1971. She will be a member of the track team and will be competing in the 100-yard dash, 200-yard dash, and 400-yard dash.

Miss Sams is a very talented athlete and is expected to be a star for Alcorn A & M. She is also a very smart student and is expected to be a member of the honor roll.

Grants Given For Park Project

Spencer E. (Buddy) Madlin, Director, Mississippi Park System and State Liaison Officer for Bureau of Outdoor Recreation, today announced a total of \$162,000 in grants to Hancock County in connection with the Jackson Ridge Park project.

Half of the funding is being undertaken by the state parks system and half by BOR on a matching fund share basis.

"These funds will be utilized in preparation of the Jackson Ridge Park master plan and early site preparation work," Madlin said.

Russell Elliott, President, Hancock County Board of Supervisors, was told of the awards yesterday afternoon.

On hearing the news, Elliott said, "Since the Hancock County Board of Supervisors turned the Jackson Ridge Park project over to the state parks system, they have really seized the initiative."

"This park, which will bring great benefit to all the people of this area, is being developed without cost to the residents of this county and yet, because 16th Section lands are involved, a percentage of all revenues derived from its operation will be returned for utilization by the county school system."

Madlin said, "I feel this park has one of the best potentials of any in our system."

"Jackson Ridge is located on the Golden Gulf Coast shore in a natural setting of beauty and attraction to the tourist."

After praising the far-reaching vision of the county people who have arrived for so long to bring the project into reality, the state parks chief said, "The economic impact of this park will be far-reaching to the local area."

Madlin, in a visit to the site in July, 1969, estimated the park would bring more than \$1 million per year into the economy of the county.

Also in '69, Roy W. Almada, Recreation Resource Specialist, Bureau of Outdoor Recreation, Atlanta, said the project could become, "the greatest thing on the Gulf Coast."

Almada said that all too often counties and states had a point-of-natural-worth and beauty that was destroyed under the guise of development.

"When these sites are gone, they are gone, forever," the BOR man said at that time.

To cater to fresh and salt water swimming and fishing, camping of all types, hiking, group and family gathering, sports enthusiasts and bowlers, the park is to have its own marina, football, baseball, tennis and picnic areas.

Located between the City of Waveland and the Community of Ocean Springs, adjacent to the seawall, Jackson Ridge is, according to the park commission director, probably destined to become the showplace of the Mississippi Gulf Coast.

The scholarship was given to Terri who will enter the Jefferson Davis College School of Nursing in September. Terri, daughter of Mr. and Mrs. A.V. Monti of Bay St. Louis is a graduate of Bay Senior High and was a member of the Candy Stripper program at the hospital. Mrs. Merlin was substituting for Mrs. C.C. McDonald, Candy Stripper advisor.

Bay Has Operating Fund Deficit

At a Commission Council meeting Monday, Mayor Warren Carver announced that by June 30, this year, the city's general operating fund indicated a deficit of \$2,799.76.

Expenses for the next six months the Mayor stated are estimated to be approximately \$36,000 monthly, or a total of \$216,000 expended by the end of this year. The greater percentage of 1970 ad valorem or property tax has been collected, the Mayor added, so further income from that source will be negligible.

Mayor Carver said, "For sources of revenue during the next six months we can depend primarily on sales tax and

Personality is the name some folks give their recent ways.

on the use of certain grant funds received from the state of Mississippi. Other sources, he added, will be of minor amounts. The Mayor felt that at this time a reduction or cutback in all but necessary items of expense is called for, and will submit a list of recommendations at the August 2 council meeting.

The first cutback has come out.

POLICE REPORTS

No identification has yet been made of a body of a young white male found last week on the service road paralleling

MONEY GIVEN

A motion was passed at Monday's meeting by county supervisors to reimburse the sheriff's department \$8,000 for losses to the department due to Hurricane Camille. The money will come out of state loan funds.

SUPER SALE

St. Clare, CVO will hold a "Super Sale" at Winn Dixie Friday, July 23 from 9-6; Sat, July 24 from 9 to 6, and Sun, July 25 from 9-2.

Highway 90 according to Sheriff Fred Curet. Curet said that a number of people from Gulfport, New Orleans and Mobile have come to his office in an attempt to identify the body but the investigation will continue. The body is presently at the headquarters of the parish coroner in New Orleans.

Two juveniles escaped from the Hancock County Youth Detention center last week but have been captured by the Sheriff's office. The juveniles are being held on a number of burglary charges.

Bay St. Louis police reported a quiet week.

NOBODY QUESTIONS A CANCELLED CHECK!

If you think you've paid a bill but you aren't sure -- look through your cancelled checks. If the check is there, you've paid it! No ifs, ands or buts.

This is just one of the ways in which a Hancock Checking Account helps you keep money matters straight.

You can pay a bill from here to anywhere in America for the cost of a stamp. You can pay your bills in the comfort of your home, rain or shine; no waiting in line, no looking for a place to park, and no walking.

And, if you maintain a minimum balance of \$200 or more there is no service charge.

Indeed, a Hancock Checking Account is one of today's great bargains.

County Agent's Notes

WINTER GRAZING
Summer plowing, beginning in July, will help insure better faster growing fall grazing. Plowing once or twice will improve the tilth of the soil and aid in taking in and storing moisture. Following also helps control weeds in late summer. Land that was in ryegrass last winter should be plowed until early August. Following this land may cause the ryegrass to germinate earlier than desired and the stand could be damaged by hot weather and drought.

SOIL TESTING
Pastures or crop land to be planted this fall should have soil samples taken now to determine lime and fertilizer; neither is profitable.

Survey Form On County Unit Plan

It is stated to the office of the Board of Supervisors, Hancock County, I shall VOTE FOR the adoption of a COUNTY UNIT SYSTEM form of Government, composed of not less than the following to be implemented no later than March 1972:

1. CENTRAL PURCHASING AND WAREHOUSING (Under the supervision of a bonded purchasing agent)
2. THE EMPLOYMENT OF A FULL-TIME REGISTERED ENGINEER (To supervise the construction and maintenance of all roads and bridges in the county)
3. CENTRAL FUELING, MAINTENANCE, AND CONTROLLED DISPATCHING OF ALL COUNTY EQUIPMENT AND SUPPLIES (Under the supervision of the registered Engineer)

OUR OPINION

Action Needed

The Bay St. Louis Commission Council took a giant step forward Monday by voting in the Mayor complete control of the police department. It was evident that three men could not continue to run one department.
Mayor Carver has said that he needs about two weeks before he can make any definite decisions on the direction in which our police force should go. We urge the Mayor to act as quickly as possible in an area that is so vital to our community. Although any move must be the result of contemplation and study, hesitation when it comes to the problems of our police department can be dangerous.

Mrs. I.C. Patillo

Mrs. Isabell Carrio Patillo, wife of Capt. William H. Patillo, U.S.N., Commander of Service Forces Atlantic Squadron 2, died July 14 at U.S. Naval Hospital, Newport, R.I., after a long illness.

Born July 14, 1921, in Waveland, Mrs. Patillo was the daughter of Mrs. Louise Tucker, of Middletown, R.I., and the late Sidney Carrio. Survivors, in addition to her husband, include a son, Capt. William H. Patillo, Jr., U.S. Army, Fort Hood, Texas; a brother Edward G. Carrio, Baton Rouge, La.; a sister, Mrs. John A. Boyce, Baltimore, Md.; a granddaughter, a paternal aunt, Mrs. Walter Turcotte, Sr., Waveland, and several nieces and nephews.

Funeral services were held Friday, July 16, from Memorial Funeral Home, Newport, R.I., followed by a Requiem Mass at 9 a.m. at St. Lucy's Church, Captain J.J. O'Connor, U.S. Navy Chaplain Cruise Destroyer Force Atlantic, celebrated Mass. The service was assisted by Lieutenant Commander Edward Johnson, Chaplain U.S. Naval Hospital, Newport, R.I.; Commander Felix Konsta, U.S. Navy Chaplain, Serv. Ron 2, and Rev. Thomas Gillen, pastor of St. Lucy's Church, Middletown.

Interment was in Arlington National Cemetery, Arlington, Va., Monday, July 19, with Capt. J.J. O'Connor giving the committal prayer.

Funeral services were held at Staff Serv. Ron 2 Capt. James W. Hayes, Jr., Commanding Officer USS Grand Canyon, Lieutenant Commander R.E. Bytown, USN, Serv. Ron 2, Staff Commander Sylvan T. Hayes, U.S. Navy Serv. Ron 2, Commander James Martin, USN, Commanding Officer USS Forrest Sherman and C.W.O. H.L. Bolton, Jr., Serv. Ron 2 Staff.

Rev. W.C. Mitchell

Rev. William C. Mitchell, 60-year-old Missionary Baptist minister died in the coronary unit of Forrest General Hospital at Hattiesburg, July 4, evening at 7:41. Rev. Mitchell was a resident of the Derby community.

A native of Poplarville, Rev. Mitchell was the son of the late Dave W. and Lillie Cooper Mitchell. He had been an automobile mechanic by profession and had been employed in a number of garages in this area before entering the ministry. He served as pastor of the Old Spanish Trail Baptist Church at Bay St. Louis for seven years until ill health caused his retirement.

Survivors include his wife, Mrs. Loy Mitchell; three sons—Lloyd Mitchell, Wayne Pardee and Mrs. Morris Spikes; Springhill Community, and John Wicks—Lumberton; and Billy Mitchell of Derby. His brothers, Harvey, Charles, L.D., Zolzie Ray and David Mitchell, Derby, and Horace Mitchell, Picaune; and two sisters, Mrs. Mary Lou Denton, Laurel, and Mrs. Robert Alexander, Jr., Bones Chapel.

Funeral services were conducted at the New Bethel Baptist Church at 8:00 a.m. at 8:00 a.m. Officiating ministers

Trumpets In The Morning

by Perry D. Neal, Pastor
First Baptist Church, Bay St. Louis.

I thought you might want to read a devotional a pastor friend, Herschel Hobbs, wrote in a paper, recently. Reading it should stimulate a closer response from you to the Gospel of Jesus Christ the LORD.

"Being grieved that they taught the people, and preached through Jesus the resurrection from the dead." — Acts 4:13.

The first persecution of the Christians came from the Sadducees. At this time most "priests" were Sadducees. The "captain of the temple" was a Sadducee. Sadducees were a group of Levites guarded the temple gates, one guard at a time (Robertson). Josephus says that the captain of the temple police was next in rank to the high priest.

The miracle and preaching of Peter (Acts 2) probably was reported to the captain, who, in turn, reported to the Sadducees or chief priests. So they came to investigate.

"Grieved" means "Thoroughly troubled." It was about two things. First, that Peter and John, unapproved teachers, taught the people. Secondly, that the Sadducees had no right to do so without proper authority (cf. Matt. 21:43). Second, that they preached through Jesus the resurrection from the dead. The Sadducees denied any resurrection, and especially that of Jesus (cf. Matt. 28:11-15). But this involved even more.

To the Jews at this time the resurrection connoted revolution. To them "it meant imminent catastrophe, in which the powers of the earth would be destroyed and a new

order miraculously set up" (Foshee-Jackson). This meant to upset the status quo, revolution against Rome, something the Romans would not abide. The Sadducees were a small but powerful and wealthy group among the Jews. They held their positions by permission from the Romans. Their wealth largely consisted of land which had easily be confiscated. This they collaborated with the Romans, wanted to maintain the status quo. So their opposition to the disciples was both theological, economic, and practical in nature. When religion is used to substantiate these other matters, the situation is vicious indeed.

Vested interests still oppose the preaching of the gospel, especially when it endangers their position. The status quo fears any idea or effort that threatens it. This is why the gospel is a dangerous thing to such. The churches are asked to get along with the community, fit into its mores, but not to change them. Do not rock the boat.

Someone said that Jesus was revolutionary but not a revolutionist. His gospel is dynamic but not dynamic. The gospel working from men's lives will change society into the will and way of God. Thus the vest's interests of the status quo fear it and oppose it when it is preached with power. But God's people are not to be priests within the status quo. They are to be prophets of the kingdom of God. STRAIGHT AHEAD!

TOLERANCE

Form your own opinions, but learn to understand the other fellow's point of view.

NO TIME LIKE THE PRESENT

How much time do you waste in a day? An hour? Two hours?

You may be surprised at how much time you waste. The best use of time is a subject which has preoccupied famous men down through history.

It was Benjamin Franklin who coined the phrase "Time is money." And in Poor Richard's Almanac, he wrote: "Don't thou love life? Then do not squander time, for that's the stuff life is made of."

France's Napoleon Bonaparte once admonished one of his aides: "Go, sir, gallop—and don't forget that the world was made in six days. You can ask me for anything you like, except time."

How do you value your own time?

Washington financial writer recently cautioned: "Anyone who wastes your spare time is robbing you at a dollar cost at least equal to what you earn."

If you figure out how much of your time is "wasted" during a day or a week, you can check the approximate dollar cost to you from the following table:

Yearly Earnings	Cost Each Hour	Cost Each Minute
\$7,500	\$3.75	6 cents
\$10,000	\$5.00	8 cents
\$15,000	\$7.50	13 cents
\$20,000	\$10.25	17 cents
\$30,000	\$15.25	25 cents

Management experts point out that in business, the proper use of time often makes the difference between success and failure. "Time is the scarcest resource," says consultant and author Peter Drucker, "and unless it is managed, nothing else can be managed."

Many successful men and women today save time when it comes to their personal finances by having their investments handled for them by professional "money managers." Instead of spending their own valuable days in the time-consuming and exacting task of weighing which stocks to buy or sell and at what prices, they invest in a mutual fund. Then these decisions are made for them by full-time investment managers.

A mutual fund is an investment company which brings together the money of many persons with similar objectives and invests in securities of a large number of companies.

Mutual funds are available to nearly everybody, not just the wealthy. Shareholders find mutual funds a convenient and time-saving way of building capital for the future.

Because of the many services mutual funds provide at little or no extra cost, more and more investors are attracted. These services also save time and effort. They include such options as automatic reinvestment of dividends and capital gains, accumulation plans for regular saving, withdrawal plans for additional income or for special needs, and many other services.

If you would like to know more about mutual funds, you can start saving your own money right away by contacting a securities dealer, mutual fund representative or fund of your choice, or by writing for free literature and a list of funds to the Investment Company Institute, 1776 R Street, N.W., Washington, D.C. 20007.

For the "Passport to Business and Pleasure" entitling you to free golf and 10% off on car hire write "Free Golf" on a postcard and mail to British Tourist Authority, 60 Fifth Avenue, New York, New York 10013.

POLITICAL CANDIDATES, and citizens listen to speakers at a political rally held at the Hundred Men's Hall Monday night. The rally, which drew a crowd of about 150 persons was sponsored by the Veteran's Civic Organization of Bay St. Louis. (Echo Staff Photo By Adoree Shortie)

Nell Armstrong was asked in a recent interview if he thought that the space program was dead or has it at last seen its best days.

His response: "I suspect that the space program as we know it is now inevitable. That is, it's a thing that now exists and will continue to exist for the rest of man's existence. We don't have the option any longer to say yes or no to it, we only have the option of saying when."

A sensor developed by NASA for use in aviation is being considered by the Bureau of Mines for use as a mine safety instrument. Developed primarily for VTOL (vertical short take off and landing aircraft) the sensor measures air speeds at low speeds. Such an instrument conceivably could be useful in calculating the volume of fresh air directed to the coal "face" areas of underground mines where adequate ventilation is needed to dilute and carry away explosive gas and to control harmful dust.

How to beat the savings squeeze.

It's so hard to save a buck. By the time all the bills are paid, there's nothing left to squeeze out of your paycheck for savings.

But there is a way to build a nest egg without having to worry about it. When you join the Payroll Savings Plan where you work, an amount you designate will be set aside automatically from each paycheck and invested in U.S. Savings Bonds. By saving a little from each paycheck, you don't feel the pinch. And before long, you'll find you've a sizable nest egg stashed away.

And now there's a bonus interest rate on all U.S. Savings Bonds—for E Bonds, 3 1/2% when held to maturity of 3 years, 10 months (4% the

first year). That extra 1/2%, payable as a bonus at maturity, applies to all Bonds issued since June 1, 1970... with a comparable improvement for all older Bonds.

Ease your savings squeeze. Join the Payroll Savings Plan.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. They may be selected until maturity. See clearly, remember, Bonds are a good way to save.

Take stock in America. Now Bonds pay a bonus at maturity.

Free Golf in Northern Ireland

REBELAST, NORTHERN IRELAND — The pot of gold for U.S. visitors to Northern Ireland this year is golf (free) and 10% on car hire, all-year long.

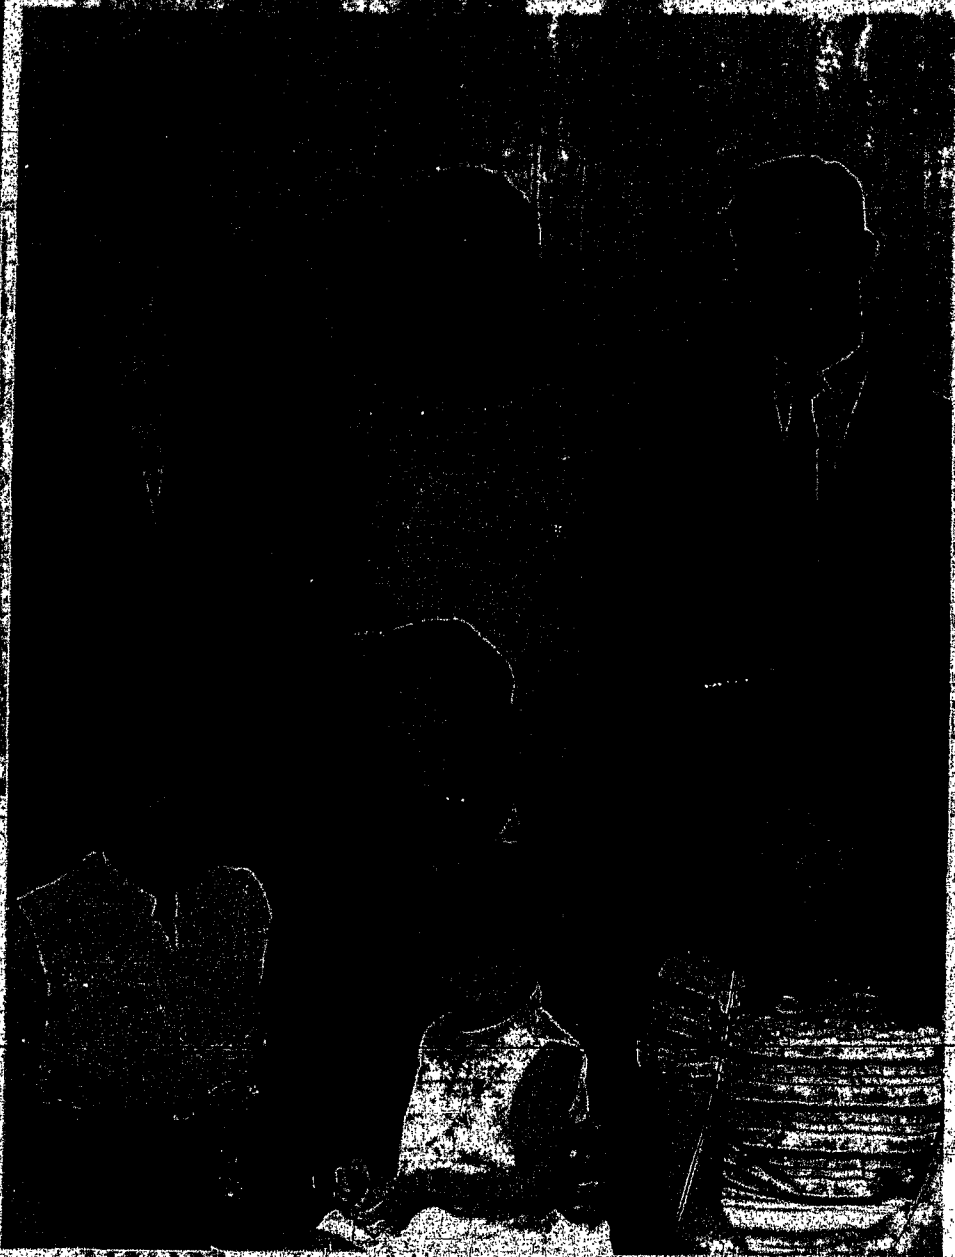

A new "Passport to Business and Pleasure" is offering free golf on 40 golf courses around the country, free car hire which is celebrating with a special exhibition and festival called "Golfers '71" this year. The discount on car hire will enable you to motor around the country for as little as \$45.00 per week, sampling some of the most beautiful, unspoiled scenery in Europe.

Ready to get the most out of your visit? Then get the "Passport to Business and Pleasure" entitling you to free golf and 10% off on car hire write "Free Golf" on a postcard and mail to British Tourist Authority, 60 Fifth Avenue, New York, New York 10013.

Please meet my family...

Standing, from left, Russell, Edward, being graduated from "Ole Miss", Aug. 1955; my daughter, Patricia, and her husband Carlos H. Lader. (Carlos, my son-in-law, is the son of Chris Lader and the late Mrs. Lader of Lakeshore) sitting, from left, my wife, Marion, yours truly the boss of the most, Amy Lynn Lader, our granddaughter, on my lap, and my youngest daughter, Sherill.

Hancock County HAS

been represented

Russell J. Elliott, as Beat 5 Supervisor, has been an active president of the Hancock County Board of Supervisors.

ELLIOTT HAS MET WITH AND REPRESENTED THE PEOPLE OF Hancock County at all public forums and meetings, including:

Rotary Club
Chamber of Commerce
Sidelines Club
Waveland Civic Assn.
Bay-Waveland Yacht Club
NASA
General Electric
Diamond Club
Lions Club
All Government Departments
All State Departments
Democratic and Republican Meetings
City of Bay St. Louis
City of Waveland
Clermont Civic Assn.
Volunteer Fire Dept.
American Legion
Veterans of Foreign Wars
Shamrock Club
AND MANY, MANY MORE!!!!!!

ELLIOTT HAS REPRESENTED AND WAS A SPOKESMAN FOR HANCOCK COUNTY IN MISSISSIPPI STATE LEGISLATURE, THE GOVERNOR'S OFFICE, THE CONGRESS OF THE UNITED STATES OF AMERICA, AND THE EXECUTIVE OFFICE OF THE WHITE HOUSE, WASHINGTON, D.C.

THIS IS TRUE REPRESENTATION.

DO ELLIOTT'S OPPONENTS HAVE

THE QUALIFICATIONS TO

ADEQUATELY REPRESENT YOU?

Qualifications Count,

RUSSELL J. ELLIOTT

**YOUR FULL TIME
COUNTY-WIDE
Supervisor of Beat 5
Seeks Re-Election**

RUSSELL J. ELLIOTT

PROVEN PROGRESS

The following accomplishments were made under the administration of Russell J. Elliott, president, Hancock County Board of Supervisors, and Supervisor, Beat 5:

The marking of all Beat 5 equipment for easy identification.

The Belle Creek bridge was built.

Joe's Bayou Bridge was built.

Streets in Clermont Harbor were black-topped.

Gulf Central Airport - Stennis Field was built and made operational.

Hurricane protection study grant secured.

Beach erosion study grant secured.

Jackson Ridge Park project and Recreational Area, providing both income for our schools and merchants and recreational facilities for our children and families, obtained.

A new location for our county dump acquired.

The Caesar-Necase Road, State-Aid, funded under construction.

Hurricane Betsy damaged Beach Road contract let and nearly completed prior to Hurricane Camille.

Port and Harbor Industrial development program has progressed and over \$4 million dollars has been received in grants towards the completion of this Hancock County project.

All Hurricane Camille restoration has been completed with the exception of the Beach Road which will soon be under contract.

Full restoration has been completed on the following county structures:

Courthouse

Hospital

County Home

Health Center

Agriculture Building

And other community buildings.

\$931,666.38 has been received from the Office of Emergency Preparedness for the repairs and restoration of the county.

NASA's Mississippi Test Facility is still active with job opportunities for local people. For instance, the space shuttle program engine testing program will be at MTF.

Waveland, Bay St. Louis and Hancock County governments have been coordinated and are working together for the betterment of all Hancock County residents.

The Lakeshore Road is under construction, at a cost of approximately \$400,000, at practically no cost to the local taxpayer.

Several industries have been procured, these are either in operation or under construction with other industries awaiting the completion of the county facilities.

Russell J. Elliott stands for a unit

system in

Hancock County.

I am in favor of a system that will best serve Hancock County and utilize all of our resources.

The central repair shop, storage and purchasing department being designed with the new vocational training school should reduce the Hancock County road and bridge account expenses.

This type of system will allow a supervisor time to be more administrative, the most important part of county government.

This unit system concept was endorsed by me publicly in the May 14, 1970 issue of the Sea Coast Echo and not just before election.

A vocational/technical training school, under the auspices of Pearl River Junior College, is to be built in the industrial area at Stennis Field. Bayou Caddy has been dredged for both commercial and sports fishermen. For the first time the entrance has been clearly marked with lighted beacons for the protection of navigators utilizing the channel.

Hancock County is building free boat launching and docking facilities at Bayou Caddy.

To further the industrial and recreational development of Hancock County, the county is now a member of:

Pearl River Basin Development District.
The Pearl River Basin Development Association.
National Rivers and Harbors Congress.
Rivers and Harbor Association of Mississippi.
Southern Mississippi Economic Development District.

Many other progressive programs have been initiated, too many to list in this advertisement.

**THIS IS PROVEN
PROGRESS - NOT JUST
WISHFUL THINKING**

Please check the qualifications of my opposition and see if you feel that they have the ability to give you the leadership that I have provided over the past three and a half years.

All these accomplishments were made regardless of the terrible setback caused by Hurricane Camille.

**HANCOCK COUNTY HAS BEEN
REPRESENTED AND HAS PROGRESSED.**

PLEASE CONSIDER THE REELECTION

OF RUSSELL J. ELLIOTT.

Governor Williams Visits NASA-MTI

Mississippi Governor Ross Barnett Williams and staff officials from all segments of state government met with representatives of federal agencies located at the National Aeronautics and Space Administration's Mississippi Test Facility to become better acquainted with work that is being carried on at the site in Hancock County in order that maximum benefits be derived from on-going programs by all parties concerned.

At the conclusion of the meeting, Governor Williams announced that a State Liaison Office may be located at the site.

During his remarks the Governor said, "As far as I know, this is the first time that an experiment has been conducted whereby various Federal agencies are brought together in this manner for a common purpose of maintaining a permanent and on-going interchange of various ideas and information. I feel that it will be of great benefit to the people of the United States and to the people of Mississippi."

Students Need Shots

J.D. McCulloch announces all first grade students entering the Bay St. Louis School System in the fall of 1971 are required to have all immunization shots completed.

The shots needed are: smallpox, diphtheria, tetanus, red measles, whooping cough, German measles, polio and tuberculosis.

See your doctor or Health Department immediately. The Health Center hours are Monday morning and Thursday all day.

Bring certificate from whom shots are obtained to school on registration day.

No first grader will be admitted to school without proof of up to date shots.

CHEERLEADERS FROM Bay Senior High will attend the Mid-South Cheerleaders Institute, July 25-30, at the University of Mississippi in Oxford. The camp will be attended by cheerleaders from throughout the state. Pictured, from left to right are: First row, Shelley Singleton and Barbara White; Second row, Patricia Robinson, Lorraine Kidd, Lisa White and Anna Landon; and Third Row, Cheryl McCulloch, Ann Miller, Judy Dahn and Lauren Alliah. Resolution Puts School Under Code

County supervisors Monday accepted a resolution from the Port and Harbor Commission protecting the rights of operation and future of the Vocational-Technical Training School proposed for a Port and Harbor site.

In an effort to assure insurance coverage for the school's buildings and operation, the resolution established the school as an industry subject to building code requirements as adopted by the Port and Harbor Commission July 1, 1971, applicable to lands under industrial development by the commission.

County supervisors gave a 12-acre tract of land adjacent to Stennis Field to Stennis Junior College District last month for the construction and operation of a vocational school. Classification of the school as an industry requires compliance with building code necessary adopted by the commission. The purpose of this action is explained in an article of the resolution which states "all construction in connection with the utilization of said land by Pearl River Junior College District shall comply with the building code heretofore adopted by this commission on July 1, 1971 and approved by the Board of Supervisors."

The resolution further states that said conveyance be subject to the protective covenants applicable to industrial lands owned and proposed for development by Hancock County May 12, 1969, "that for purposes of said covenants the establishment and operation of a Vocational-Technical Center by Pearl River Junior College shall be an industry under said covenants."

The resolution also reserved a right of flight above this section of land for any aircraft flying in or out of Stennis Field.

Mayor Now In Charge Of Bay Police

Mayor Warren Carver has been given complete authority over the Bay St. Louis Police Department. Commissioner William Frisbie made a motion at Monday's council meeting to change Section 2-4, Paragraph A, of the Code of Ordinances giving Carver the authority. The motion passed unanimously.

Previously, the police department came under the three members of the commission council.

Commissioners Frisbie and Arceneaux have promised complete support to the Mayor in his decisions on the department.

Bay City Hall Bids Rejected

The Bay St. Louis City Commission Council has rejected two bids for renovations to the City Hall. The action was taken Monday at the council's regular meeting after Jim Chisholm, city engineer, advised rejection of the bids because the two contractors, August Rauter and Eric Larsen, did not meet bid specifications.

The council then decided to re-advertise for bids.

County Tax Rolls Ready

Real and personal property tax rolls for Hancock County have been equalized for 1971, according to a notice received from the Board of Supervisors, and are now open for inspection by property owners.

Any property owner not satisfied with his tax assessment may file his objections at the office of the clerk of the Board of Supervisors before August 2, 1971.

If no objections are filed as of this date, the assessments will be considered final and can not then be changed.

ROCKY - HILL, Institute Members WHITE CYPRESS Enjoying Camp

By Jeannette Breese

Phone 255-7283 By Adotes Shortie

Mr. and Mrs. Otis Woods, and daughter Ruth, hosted a birthday dinner at their home on Sunday, July 18, 1971, for Mr. Woods' mother, Mrs. Beale Woods, who was 88 on July 15.

There were 54 guests present, all of whom enjoyed the buffet dinner, music and dancing outdoors. Three of her children and their families were present: Mr. and Mrs. Willy Woods, son, Richard of Gulfport, Mr. and Mrs. Wesley Lader, June, Pat and Pam, Mrs. Uesta Niolet; her brother and sister-in-law Mr. and Mrs. Eusan Hickman, "Baucier," grandchildren Mr. and Mrs. Kenneth Peterson and children, Jan, and David; Mr. and Mrs. Jim Lindsey, and children, Delores and Jim Jr.; Mr. and Mrs. Prentiss Woods and children, Mike, Kathy, Kevin, and Marty; Mr. and Mrs. Carl Woods, and daughter, Carla, all of Gulfport; Mr. and Mrs. Charles Randall Lader, and Mr. and Mrs. Cecil Lader and sons, Rodney and Robbi, all of Pass Christian; nephews, Mr. and Mrs. Henry Hickman, Pascagoula; Mr. and Mrs. David Woods and children, Mary and Wayne, Pass Christian; cousin, Mr. and Mrs. Vic Strawn and daughter, Ther, Chalmette, La.; Mr. and Mrs. C. Woods and children, Michael and Marcy, of Pascagoula; also present were Mr. and Mrs. Danny Perry, of Pascagoula; Mr. and Mrs. Joe Denicola; Wayne Langley and Karen Farve, Gulfport, and Brenda Malloy of Pass Christian.

Belated birthday greetings go to Vester Lader Jr., whose birthday was on Wednesday, July 21, 1971.

Happy birthday to Kelly Necease, whose birthday is today, July 22, 1971.

Happy birthday to Sandra Cuevas, on her birthday, Saturday July 24, 1971. Sandra will be 10 years old.

Nancy Shiyon, daughter of Mr. and Mrs. Royce Shiyon, celebrated her 7th birthday with a party at the family home, on July 19, 1971. First cake, punch, cup cakes and suckers were served. Games were played and Beverly Wyatt won the prize, a bank. Guests there were: Jack and Marlene Braux; Mark Swilly; Glen Beach; Larissa and Larita Lader; Patricia and Madina Shiyon; Mary Ann and Chuck Depreo; Amy and Roy Mitchell and Beverly Wyatt. Adults there were Mr. and Mrs. Jerry Mitchell, Mrs. Cleveland Wyatt, Mrs. Leo Swilly, and Mrs. Eldo Depreo.

SLEEPING SICKNESS VACCINE SOUGHT FOR SOUTHERN HORSES;

As Venezuelan equine encephalitis, a form of sleeping sickness in horses, moves closer to this area, Louisiana extension specialists are reportedly making efforts to obtain the modified live virus vaccine for use in that state. The disease which moved up from Mexico has become epidemic in south Texas and a suspected case was being investigated in Starks, La., on Wednesday of last week.

A vaccine which is not yet licensed nor being made by any commercial biological outlet, is available only from the U.S. Animal Health Service and is available only in 100 dose vials which make it necessary to plan efficient use of this treatment. Vaccination clinics at central locations in various communities would be necessary for vaccinating the vast majority of animals. One dose is required, and it takes seven to 14 days for sufficient im-

munal to develop.

Active cases should be handled with care (rubber gloves, for example) and the animal housed in mosquito-proof quarters or kept covered with insect repellants.

It is very likely the disease will continue to spread around the Gulf Coast, and inoculation will not stop the spread but will limit death losses. Medical authorities have reported that the disease is relatively mild in humans, with symptoms of fever, chills, headache, vomiting muscle aching and joint pains. The very young and very old would be more likely to develop the disease.

In horses, the disease's onset is marked by a rise of body temperature to 103-105 degrees accompanied by a hard, rapid pulse, loss of appetite and depression. Diarrhea and central nervous system involvement signs usually appear on the fifth or sixth day, and in fatal cases, death usually occurs one to two days later.

Do You Have A Drinking Problem? Alcoholics Anonymous meet every Monday.

Main St. Methodist Church annex 8:00 p.m. For the family members of the problem drinker, Al-Anon meets every Monday, St. Augustine's cafeteria, 8:00 p.m.

cess of interest.

An atmosphere of gentleness and warmth pervades the camp area as children and staff members alike are quick to smile and welcome a visitor. A natural assumption is that the noise level created by 250 exuberant, small children would be deafening, but to the contrary, even when outdoors and physically active, the camp group is surprisingly ordered and pleasant.

The children and the camp as a whole are an excellent example of the principles of guidance and discipline as practiced by

Institute members. Discipline is not imposed, Zervigon explained, rather the child is given a choice of behavior.

"He is given a choice of two courses of action. If he chooses the wrong one, he will be spanked, or punished in some way. From that point, the choice is entirely his," Zervigon said.

Apparently the principle, properly applied, has value as the staff and children appear to be happy and well-adjusted and having a very good time.

The group leaves the end of the month to return to Chicago.

A fire at the Ingram Industries Plant in the Klm July 9 pointed out the efficiency of the cooperative arrangement between fire fighting units in Hancock County and Pass Christian.

At 10:55 p.m. Friday the Bay St. Louis fire department received a call reporting a fire in the Ingram area. Bay St. Louis fireman on duty Richard Fayer called, in rapid succession, department training officer Edward Friloux, the NASA fire fighting unit, Waveland and Pass Christian fire stations and the East Hancock volunteer unit.

Friloux and county coroner Emilio Piazza were first to arrive on the scene as well as sheriff's department chief deputy Richard Tarver. The NASA unit answered the call being its closest proximity as Waveland went on standby for NASA and to assist if needed.

A fire had broken out in a vat of red phosphorus within the largest building and com-

monly by fire units once called to Friloux said times and times again to decontaminate men could not remove the vat any closer than 60 feet.

Six Ingram employees who had been exposed to dangerous fumes were taken to Hancock General Hospital for observation and treatment. All were released shortly after except two men, William Nordheim and Jerry Dalton, who were held

Engram Industries plant works with highly dangerous explosives in making component parts under government contracts, so a fire at the plant site called for immediate action.

Ft. Collins and county coroner Emile Piazza were first to arrive on the scene, as well as sheriff's department chief de-

ing to fight the fire with inadequate equipment, according to eyewitnesses. Through the efforts of the test site fire unit, the fire was confined to the vat area and was extinguished by 1240 a.m. According to Ft. Collins records and smoke were so dense the men could not approach the vat any closer than 60 feet.

unit answered the call being in closest proximity as Waveland went on standby for NASA and to assist if needed.

A fire had broken out in a vat of red phosphorus within the largest building and company employees were attempting to contain it. Two men, William Nordhuus and Jerry Dalton, who were held 24 hours for observation then released shortly after except

Cadet Frank W. Edgar, Jr., whose parents live at 237 St. Charles, Bay St. Louis, Miss., is receiving six weeks practical work in military leadership at the Army Reserve Officers' Training-Corps advanced summer camp at Ft. Riley, Kan., from June 5 to July 16.

Lagarde, who received a B.A. degree in Economics in 1970 at Loyola University, New Orleans, La., is one of more than 13,000 students attending ROTC summer training at six installations in the U.S.

The Army ROTC advanced camp is devoted to the practical application of leadership principles. Field training emphasizes the exercise of command and the making of sound decisions under pressure. These lessons reinforce the essential mission of Army ROTC - to provide the nation with young men who have excellent civilian educations and

FUTURE TRACK hopefuls run on the new Grass-lex track recently completed at St. Stanislaus High School. This new Grass-lex track is the only one of its kind in the Bay St. Louis area and one of the few in the state of Mississippi. This Grass-lex material is the finest composition possible for an outdoor track. The funds needed for this track were raised by the St. Stanislaus Sidelines Club which helps to sponsor all athletic activities at St. Stanislaus. (Coby Staff Photo by Marileen Mosher)

PICTURED ABOVE is one of the dancing scenes from the Payco Loan Child, the latest production of the "Princesses Who Couldn't Dance." (L. to R.) Patricia Virginia Sorley, Jama Wade, Beth Sorley, and Margaret Peranich. The show is directed and produced by Sharon McKenna, with Technical Director, Matt Hunter. The show will be presented August 13 and 14 at the Theatre on Boardman Ave.

BASIC TRAINING

Adrian Michael E. Wilson, son of Mr. and Mrs. Harry E. Wilson of Pearlington, Miss., has completed basic training at Lackland AFB, Tex. He has been assigned to Chanute AFB, Ill., for training in the missile electronics field. Adrian Wilson, a 1969 graduate of St. Stanislaus High School, Bay St. Louis, Miss., attended Mississippi State University. His wife is the former Patricia Givens of Pearlington.

GOSPEL SINGERS

Two groups of gospel singers, The Travelers Quartet and the New Hope Trio, will perform at the Old Spanish Trail Baptist Church this Saturday, July 24 at 7:30 p.m. The public is invited to attend.

Bridge Winners

Winners of games played Monday night at Layne's Restaurant, Bay St. Louis Mall, by Bay-Waveland Bridge Club members were Mr. and Mrs. Sidney Pugh, first; Dale Pierce and Mrs. T. J. Garner, second; Robert Johnson and Mrs. A. V. Schexnayder and Mrs. Herman Mazarakis and Miss Amelia Scafide tied for third place.

Bueford E. PARKER

ANNOUNCES FOR
JUSTICE
OF THE
PEACE
BEAT NO. 5

Ladies and gentlemen, at this time I would like to announce that I am a candidate for the office of Justice of the Peace for beat #5. For the ones of you that do not know me, my name is Bueford E. Parker and I'm 45 years of age and I have been a resident of Hancock County all of my life. I was born in Logansport, Indiana and moved to Bay St. Louis at an early age. I am the son of Clyde Parker and the late Eugene Parker. I am married to the late Mrs. Parker, formerly of Corsicana, Texas. We have three children: Don, Monica and Donald and one grandchild. There isn't much of a platform for the office of Justice of the Peace other than the fact that it is a business and should be run like a business. I have been in business for over 10 years, having operated a grocery and service station in that time. Before that time I was in the service for over 10 years, having served over two years in the Marines in World War II and 8 years in the Air Force during the Korean War.

There are a couple of points that I would like to bring out here and foremost I do not seek this office merely for a job, as I have a very good one and secondly I can not stand by and see the Justice of our citizens turned over to strangers. One of the main points that I intend to do is stop the destruction of our youth by making it hot for the pushers of dope in our area.

I will guarantee here and now that anyone black or white will get the same fair treatment. So before you sign your X ask yourself: AM I VOTING FOR THE RIGHT MAN?

(Pd. Pol. Adv.)

MELVIN J. LADNER

ANNOUNCES FOR
CONSTABLE, BEAT No. 3

TO THE PEOPLE OF BEAT THREE-HANCOCK COUNTY

Please accept this as my official announcement for the office of Constable, Beat No. 3, Hancock County. I feel that I am generally known throughout the District but to those to whom I am not personally known I wish to briefly cover my personal background and qualifications.

I am a resident of the White Cypress Community. I am married to the former Yvonne Nacalae, daughter of Eugene Nacalae and the late Bartha Nacalae. I am a family man and we are the parents of 10 children.

I hold a Certificate of Completion of a course in Law Enforcement from Jackson, Mississippi. I am now serving as a part time Deputy.

I completed my High School Education at Dadeaux High School in Hancock County. I shall make every effort in cooperation with all other Law Enforcement Officers to strictly enforce all Laws of the County and State, especially dealing with the selling or use of drugs.

Please accept this as my personal solicitation for your vote and support in the forthcoming Democratic Primary on August 3rd.

Since I have had the honor, privilege and pleasure to have served on Grand Jury for this term of Court, it will be impossible for me to see each of you personally, so I am taking this means of soliciting your vote for me, as Constable Beat 3, in the Democratic Primary on August 3.

Sincerely yours,
MELVIN J. LADNER

(Pd. Pol. Adv.)

Miss Hammer

Will Wed
David Burden

MISS SUSAN HAMMER

Mr. and Mrs. George Hammer of Bay St. Louis announce the engagement of their daughter, Susan Louise, to David Edwin Burden, son of Mrs. William E. Burden of Memphis, Tenn., and the late Mr. Burden.

The bride-elect is the granddaughter of Mrs. George Hammer Sr., Bay St. Louis, and the late Mr. Hammer and the late Mr. and Mrs. René Rodriguez of White, Georgia, La.

Mr. Burden is the grandson of Mrs. J. L. Griffin and the late Mr. and Mrs. John Burden of Chattanooga, Tenn.

A junior at Louisiana State University School of Nursing, New Orleans, the bride-elect is treasurer of the Student Government Association.

The groom-elect, a graduate of Christian Brothers College, Memphis, is presently employed as a project engineer for Shell Chemical Company, Norco, La.

The wedding will be solemnized Saturday, August 14, in Our Lady of the Gulf Catholic Church.

Mr. and Mrs. Michael Leach announce the arrival of their first child, a son, Christopher, July 1 in Holy Angels Hospital, Newark, N.J.

Mrs. Leach, the former Vickie Jacob, is the daughter of Mr. and Mrs. Lawrence Jacob of Bay St. Louis. Mr. and Mrs. Michael Leach of Chicago are the paternal grandparents.

Ladner-Cuevas

Vows Exchanged

Cross Creek Baptist Church was the setting at 5 p.m. July 10 for the wedding of Miss Ouida Cuevas, daughter of Mrs. Ouida Cuevas and the late Ouida Cuevas, and Connie Ray Ladner, son of Mr. and Mrs. Gilton J. Ladner. Rev. Bill Price performed the double ring ceremony with Father William Miller assisting in a candlelight setting.

An archway of Spanish ivy and pink and white gladioli decorated the church. Mrs. Douglas Nacalae, organist, accompanied.

Miss Connie Lee who sang "More" and "The Lord's Prayer."

Given in marriage by her brother, Richard Cuevas, the bride wore a white satin gown fashioned with Bishop sleeves trimmed with lace flower appliques. Similarly appliques trimmed the neckline, bodice and train. Her finger-tip veil of illusion fell from a crown of crystal beads and pearls and she carried a cascade of pink rosebuds and miniature white carnations.

Miss Cathy Fricks, Bay St. Louis, served as maid of honor with Misses Mariene, Marie and Judy Ladner as bridesmaids. Misses Suzanne Cuevas and Angela Shaw were flower girls. John Ladner was best man.

Groomsmen were Ray Cuevas, Larry Smith and Wendell Ladner. Scottie Cuevas and Lenny Ladner served as ringbearers. Ricky Davis and Benny Ladner ushered.

A reception was held in the home of the bride's sister, Mrs. Finkie Smith. Ten girls were bridesmaids. Connie Cuevas, Cheryl Cuevas, Sandra Ladner, Cheryl Ladner, Roxanne Ladner, Paula Cuevas and Freddie Ladner.

The bride is a 1971 graduate of Hancock North Central. The groom, a 1970 graduate of Hancock North Central, attended Pearl River Junior College.

After a wedding trip to Panama City, Florida, the couple will reside at Nacalae Crossing.

Echoes

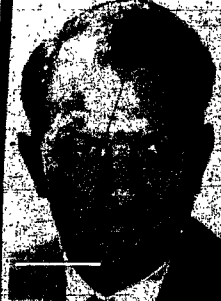

Mr. and Mrs. Donald Jackson and son Tommy of Stark, Florida, have returned home after a visit with her mother Mrs. Rita Boudreaux.

Mr. and Mrs. Walter Lee and son Jamie of Anderson, S. C., left Thursday after a visit with his mother Mrs. Sylvester Guagliardo and Mr. Guagliardo. They also spent some time with his sister Mrs. Irma Levens and family in this city, his brother-in-law and sister Mr. and Mrs. Floyd R. Hughes and family in Biloxi and with her father Joe Brockoff in New Orleans.

Rev. and Mrs. Perry Neal were called to Montgomery, Ala., by the death of her stepfather W.D. Shows.

This Time, Let's Make A Change

There is a great need in Mississippi for fresh leadership that is bold and aggressive and courageous enough to meet head on the problems of our state.

Bill Waller cares enough to get the job done. Waller will work to serve the interests of the average Mississippi plan who pays the bills of state government, and pay less attention to the old guard politicians.

Work to regain the people's confidence in state government by assuring the people an honest, hard working administration.

Work to provide sound education for our youth by defending the rights of private schools, and helping the public schools meet the crisis that now exists, so that we can provide schools that are comparable to the surrounding states.

Work vigorously to oppose busing to achieve racial balance, and support the fundamental principles of neighborhood schools.

Work to stop waste in state government. Mississippi has one of the highest tax structures based on per capita income of any state. Tax loopholes to protect the wealthy must be eliminated.

Work for more and better job opportunities. We must bring more industry to our state and develop more home-grown industries, but not at the expense of our natural resources.

Work to promote tourist business. We have a clean health environment, wonderful climate and unmatched natural beauty, forests, rivers and streams. Give a megillah to the Gulf Coast that makes an outstanding tourist attraction.

Political Checklist

Reprinted below is a political checklist taken from a brochure published by the Mississippi Economic Council. It may serve as a guideline for selecting the candidate most qualified to serve.

FOR STATE OFFICE

- YES NO
- * Has the candidate demonstrated that he has a real grasp of the problems facing our state? Is his platform addressed to specific issues? () ()
- * Has the candidate emphasized the need for operating our state on a basis of fiscal soundness? If he has advocated expanded state activities, has he also spelled out ways in which such programs can be financed? () ()
- * Does the candidate lean heavily on the support of national political figures in his party, rather than standing on his own feet? () ()
- * Has the candidate, in his campaign speeches, discussed definite means by which our state can be made more attractive to new industry? () ()

FOR LOCAL OFFICE

- * Has the candidate pledged himself to work for solution of local problems at the local level rather than enlisting federal aid in dealing with local problems? () ()
- * Does the candidate have a record of effective work in civic organizations? () ()
- * Has he been in positions where he dealt with problems important to your community? () ()
- * Has the candidate made his position clear on such issues as:
Federally subsidized housing?
School Aid?
Federal expenditures for other local programs?
- * Ask the candidate to express himself on some specific issues in which you have an interest and on which you are informed.
- * Ask the candidate to describe to you the duties and powers of the office he seeks.

Square Dancers Plan Meeting in Biloxi

The call to "Square 'em up" will sound again July 30-31 as square dancers throughout the southeast will converge on the Gulf Coast for the ninth annual Mississippi Gulf Coast Square Dance Festival.

Hosted by the "Star Twirlers" square dance club, the two-day affair will be held at the Buena Vista Hotel, Biloxi, and will consist of square and round dancing, and round workshop.

Featured soloists in the program are internationally famous and include Joe Lewis, Marshall Flippo and Billy Lewis, all from the Lone Star State

of Texas. The rounds workshop and round dancing during each of the programmed sessions will be conducted by Alvin and Mildred Boultiller, New Orleans, La.

The annual event, first held at the Buena Vista Hotel in 1963, has consistently drawn 1000-1500 square dancers from the southeast, as well as vacationers and campers from other states who travel to the Gulf Coast for the festival.

Spectators are cordially invited.

Junior High

Book sale and registration for Our Lady of the Gulf Junior High for girls will be held at O.L.G. Elementary School from 10-12 noon and from 1-3 p.m., Wednesday, August 18. Uniforms will be discussed at a parents' meeting at 6 p.m., August 18.

Elementary school book sale will take place from 10 a.m. to 12 noon and 1-3 p.m., August 18.

Classes will begin August 30.

Kindergarten book sale will be announced at a later date.

City Relatively Clean After Holiday Weekend

Congratulations and appreciation are extended to the citizens of Bay St. Louis from Felix Seeger, superintendent of public grounds, for the cleanliness of the city following the Fourth of July weekend.

Seeger said the city was surprisingly clean and litter-free considering the amount of visitors as well as local residents taking advantage of the beaches and public park areas.

City sanitation crews and NYC workers' jobs were considerably lightened after the holiday as they found most of the litter and trash enclosed in bags and containers ready for pickup.

MDTA and NYC student workers performed the major part of litter cleanup after the holiday, Seeger stated.

"I know it's due to the responsibility of our local residents in not littering and we really appreciated their efforts," he said.

The attractive beds of acalypha, or copper plants, now seen on highway medians in Bay St. Louis have been "loaned" to the city through the courtesy of Mr. Lavonne Sheldon at the Holiday Nursery.

Beds of the deep red plant have also been planted at the City-County Library in front of City Hall and under the sign in Commodore Park.

In the fall when the plants cease to bloom, Seeger will return them to the nursery where they will be kept in hot houses for spring cuttings and blooming.

From Portland, Oregon, they drove to Tacoma, Washington, where they spent some time with their son and daughter-in-law, Mr. and Mrs. Arceneaux Jr., and their daughter Mrs. John Tyler and children Collette and Sean.

After spending several days in Vancouver, B.C., they returned to Tacoma prior to leaving for Chicago by way of Salt Lake City, Omaha, Des Moines and Davenport.

KILN SCOUTS

A scout meeting is scheduled for this Friday, July 23 at the Kiln Scout Hut.

All scouts in that area are urged to come and bring their parents.

The meeting will begin at 7:30 p.m.

FOR SOUND LEADERSHIP

CORNELIUS J. LADNER

CANDIDATE FOR SUPERVISOR

OF DISTRICT 5

OF HANCOCK COUNTY

I have driven across Hancock County trying to see as many of you people as possible. I have had the opportunity to talk with most of you, but in many instances I find that both the husband and wife work, some on vacation or busy with other matters. So to those of you that I have been unable to talk with, may I take this means to ask for your vote and support.

As your State Senator in 1949, I had the foresight to place the Beach Road in the State Highway System Road Bill so that should the Beach Road again be destroyed as it had been in 1947, it would be the responsibility of the State of Mississippi to repair the damaged Beach Road. The Beach Road was not given to the State of Mississippi after the repairs from the 1947 Hurricane. Damages to the Beach Road caused by Hurricane Betsy in 1965 was repaired in 1968, less than 3 years ago. The Beach Road was not given to the State of Mississippi then. WHY? Now, when repairs to the Beach Road are done, will it be given to the State of Mississippi? Or will it remain a Political Plum? As your Supervisor of District 5, I will work with the other Board Members to bring the Beach Road to State Specifications and give it to the State of Mississippi.

I find that the Voters are not satisfied with conditions that exist today. The Voters want their elected Board of Supervisors to represent all of the people. I am in favor of giving the Voters a greater voice in their County Government. On all major issues you will have a voice in helping make the decisions. I will keep you informed as to the condition of your County, how your Tax Money is being spent and what you are receiving for your Tax Dollar. I will be available day or night to discuss with you the problems that confront us. Most of you know that I give my best to any job I undertake and as your Board of Supervisor of District 5, I will give you my best.

Our Roads are only one of the many responsibilities of the Board of Supervisors. The duties of the Board of Supervisors are quasi-judicial and quasi-legislative. They govern your County, raise or lower your property taxes, spend your tax dollars, and are responsible for the future growth of your County. They deal with the every day life of our people and the future of Hancock County. The Elected Members of the Board of Supervisors should have the education, qualifications, ability and dedication to work with One Another for the good of All of the people of Hancock County.

With those thoughts in mind, I am again submitting to you my Platform and Qualifications for your serious consideration:

MY QUALIFICATIONS

1. I will work for and see to it that the Front Beach Road that was destroyed on the 17th day of August, 1969 by Hurricane Camille, will be repaired and brought up to the plans and specifications of the State Highway System Road Bill of 1949. Then the Front Beach Road would be given to the State of Mississippi according to law. And should the Front Beach Road ever be destroyed again by any Hurricane, it then will be the responsibility and the obligation of the State of Mississippi to re-build without any cost to the Tax Payers of Hancock County.

2. Hancock County needs a Junior College now for the benefit of our young girls and young boys.

3. I will work for and help to establish an Industrial Art and Work Shop for those who want and need to learn a Skill Trade.

4. I will help to formulate and support a program for All Five Supervisors that are elected, that all work together to help construct, improve and maintain the Roads of Hancock County in a Unit System, thereby saving thousands and thousands of dollars of the Tax Payers' money.

5. I will initiate and work to have an Industrial Board consisting of Seven Members and an Industrial Administrator for Hancock County.

6. I will work to re-establish the Office of County Attorney so that the Office will be a benefit to the Constables, Justices of the Peace and other Law Enforcement Officers, which Hancock County needs so much for the progress of Hancock County.

7. I will definitely insist that Hancock County have one of the Assistant District Attorney's that will live, vote and maintain his Office here in Hancock County, Mississippi, since Hancock County helps to pay the salary of the Assistant District Attorney.

8. I pledge during the four years that you elect me as your Supervisor of District 5, that I will do everything in my power to see that there will not be an increase in taxes on your property, because we are paying enough taxes now. What we need is for the money to be spent for the right programs so that the people of Hancock County will receive a dollar value for a dollar spent.

MY PLATFORM

I was born and reared in Hancock County. I graduated from Dedeaux School, St. Stanislaus, Pearl River Junior College and the University of Mississippi School of Law. I was a School Teacher. I served in the United States Armed Forces with services overseas. I was elected State Senator and served four years and did not offer for re-election. I served from 1961 to 1965 on the Board of Trustees of the Hancock General Hospital and during my term of Office, I served one year as President of the Board. As President I helped to get a building program which enlarged the Hospital to its present size. I have been a Practicing Lawyer continuously for 23 years.

I am again submitting to All the Voters of Hancock County that I have a program that is for the good of all the People. It is only 11 days before the First Primary that will be held on the 3rd day of August, 1971. I need your help to be elected to the Office of Board of Supervisor of District 5. I am asking you to Vote and help me and to speak to your family and your friends to Vote for Cornelius J. Ladner for Board of Supervisor of District 5, Hancock County.

SUBMITTED TO YOU THE PEOPLE

THE FAMILY LAWYER

Civil Rights For Cinderella?

At first glance, Mr. Harrison's will seemed plain enough. It left his entire estate to his "children," a word that obviously included his own three daughters. But did it also include his stepdaughter, the child of his second wife?

This ruling illustrates that even today, in traditional areas of the law, our Cinderellas may still be treated like underprivileged members of the family.

This applies not only to the right of inheritance but also to the right of support. In most states, the mere fact that a stepchild joins the family circle does not impose upon the stepfather any legal obligation to pay the upkeep.

As a practical matter, however, stepfathers generally do support their go through a formal adoption ceremony.

Furthermore, especially in the newer fields of law, there is a growing tendency—sometimes by specific statutory enactment—to place stepchildren on an equal footing with natural children. Consider this case:

A factory worker was killed in an industrial accident. When his family put in a claim for workers' compensation, the company readily agreed to pay the victim's widow and young son. But it refused to pay anything for the stepdaughter, even though she had been living for years as a regular member of the family.

However, when the matter was tested in court, the judge took note of the humanitarian purpose of the modern workers' compensation system.

"Compensation is not inheritance," he said. "Its purpose is to give relief to dependents of one killed in industry."

Thereupon the court ordered the company to pay a full share of compensation to the stepdaughter, since she 1) did indeed need relief and 2) was indeed a dependent.

An American Bar Association public service feature by Will Bernard.

Church Plans Vacation School

The Annual Vacation Church School at Main Street United Methodist Church will be held the week of July 26th from 2 to 4:30 in the afternoon, Monday through Friday.

Classes will be held for children ages 4 through 11. Those in charge of the music for the week are Donnie Carroll and Jill Gex. Teachers for the school are Karen Carver, Helen Mendi, Rachel Walton, Alice Pittman, Lee Chevis and Rose Anne Bousge. Assistant to the teachers will be Valda Pittman, Jo Walton, Cheryl Nybo, Sharon Chevis, and Susan Clark Wells. Directors are Mrs. Bob Delcuse and Mrs. J. W. Clark.

Children in this age group are invited to attend. "An afternoon experience in Vacation Church School is a new one for most of us. It promises to be a rewarding experience," states one of the directors.

JOHN L. DALE

TO THE PEOPLE OF THE SOUTHERN DISTRICT:
I take this means of expressing to you how deeply grateful I am for the encouragement and support you have given me this summer during my campaign for Public Service Commissioner of the Southern District.

I am a native of the Lucedale area, an army veteran and a graduate of the University of Southern Mississippi where I received B. S. and M. A. degrees. I am also a graduate of the Jackson School of Law where I received my Law degree and graduated first in my Law School graduating class.

Through the years I have served the people of my county as a school teacher, principal and Superintendent, Circuit Clerk, Chancery Clerk, Prosecuting Attorney and as Attorney for the Board of Supervisors of George County.

I am a member of the First Methodist Church of Lucedale where I am a Sunday School Teacher and where I have served four years as Chairman of the Official Board of Stewards. I have held various offices in my church in addition to which I have served eight years as President of the County-Wide Methodist Men's Club of George County. I am a Past Master of the Masonic Lodge, a Past Patron of the Eastern Star and a Past President of the Lucedale School PTA. I sincerely believe that I am qualified to render courteous, competent, effective and mature service as Public Service Commissioner of our Southern District.

The office of Public Service Commissioner is one of the most important offices in the State of Mississippi and directly affects all of us in many vital ways. It regulates and supervises public utilities such as telephone, electric, power, gas and water companies and common carriers such as railroad and truck and bus lines. I sincerely believe that the Public Service Commissioner should have an aggressive, wide-awake and active program responsive to the needs of all of the citizens of our district. I believe that the Commissioner should be at all times available to his people and completely willing to assist and serve them in dealing with their problems. It will be my program to make the services of this office available to every citizen of our district. If elected I shall devote my full efforts toward improving rural telephone service and toward making dependable and reliable telephone service available to the citizens in all areas of our district.

It has been my ambition for a number of years to serve you as your Public Service Commissioner. In my previous campaign for this high office you gave me a majority of the vote in seven of the thirty counties in the district and brought me within a few hundred votes of election. In the previous campaign the people of my home county gave me 95% of the votes for Public Service Commissioner. I am deeply grateful to you for your wonderful support and encouragement in my previous race for this office and I very humbly seek your continued support in this campaign.

If elected I will be obligated to the people and therefore free to serve you on a full-time basis in the most friendly and competent manner, being responsive at all times to your needs. I humbly solicit your help and support in my behalf for Public Service Commissioner of the Southern District.

Sincerely,

JOHN L. DALE

COURT STREET, BAY ST. LOUIS, MISS.

VACATION BIBLE school classes at First Baptist Church in Bay St. Louis gather on the church lawn during a break in the day's activities. More than 100 children, ages three through sixth graders, attended the school under the supervision of 25 workers and group leaders. Rev. Perry Neal, pastor, planned a diversified schedule for the school which included bible study, character study, crafts, recreation, films and music. The Bible School ended Monday.

Retail Merchants Plan Convention

Morris Lewis, III, Indianapolis, chairman of the fifteenth annual convention of the Mississippi Retail Merchants Association, states that his committee was most fortunate in obtaining a slate of guest speakers of national prominence, each well-known to Mississippi audiences. The three-day convention will convene on Sunday, July 25, at the Broadwater Beach Hotel in Biloxi.

Appearing on the business session program Monday morning will be Elmo S. Kosciol, Industrial Development Manager, South Central Bell Telephone Company, New Orleans. Mr. Kosciol is a very talented and witty speaker and will present to MRMA delegates "Hats of a Salesman," a unique presentation which has brought him national acclaim. He is an outstanding citizen and has a dynamic message for retailers and their guests.

The guest speaker for the Presidents' Breakfast, for both the ladies and men, Monday morning will be John Laughlin, Meridian, an ordained Baptist Minister of Music. Mr. Laughlin, better known as "Big John The Cajun," has the innate ability to speak the dialect and relate the anecdotes of those warm-hearted, fun-loving American Frenchmen—the Cajuns.

Congressman G.V. "Sonny" Montgomery will introduce to the convention delegates Miss Elizabeth Hanford, executive director of the Office of Consumer Affairs, Washington, D.C. Miss Hanford will speak Tuesday morning on "Consumerism in the 70's," which will give retailers an insight into consumer affairs and aid them in their unending efforts to offer the consumer the best possible service and high quality merchandise. Miss Hanford is a member of the District of Columbia Bar Association and the American Bar Association Committee on Consumer Bankruptcy, and was selected as an Outstanding Young Woman of America and the Outstanding Young Woman of the District of Columbia for 1970.

Richard P. Plummer, Minneapolis, Minnesota, author, speaker and consultant, will present "The Challenge of Change" also on Tuesday morning. Among other accomplishments, Mr. Plummer is the author of the book "The Frontiers of Our Time," and is presently involved as a consultant and speaker for various industries and organizations throughout the country. Mr. Plummer states that the most dominant characteristic of our time is incredibly rapid change, and that change and growth are fundamental to our way of life.

Leo K. Crapo, Biloxi, MRMA president, will preside over the Monday morning business session and will give the president's annual report to the membership, relating the accomplishments and activities of MRMA for the fiscal year. The convention program also includes entertainment for the entire family with many valuable prizes to be awarded during the three-day meeting.

Pet Show

Camper at the Operation Upturn sponsored Day Camp in Waveland participated in a "Pet Show" last Friday. All the campers brought pets to camp to enter them in the different areas to be judged. Winners in the contest were judged by Dennis Barcelons and Polly Mazarkis.

Winners were: Largest Pet 1st, Tracy Evans; 2nd, Pam Sellers. Smallest Pet 1st, Dennis Bielstein; 2nd, Gary Karl. Most Unusual Pet 1st, Debra Wilson; 2nd, J.W. Henry. Prettiest Pet 1st, Patricia Thomas; 2nd, Suzanne Adams.

Camper of the week certificates were awarded to Gary Karl for the best Boy Camper, and to Linda Flanders for the Best Girl Camper.

THANKS AND CONGRATULATIONS ARE IN ORDER FOR THE CITY FATHERS OF BAY ST. LOUIS AND WAVELAND, BECAUSE THEY HAD ENOUGH FEELING AND INITIATIVE TO HELP THEIR PEOPLE REBUILD THEIR HOMES ACCORDING TO STANDARDS, WITH THE ASSISTANCE OF OPERATION UPTURN.

SEVERAL HUNDRED RESIDENTS RECEIVED OVER \$2,000,000 (TWO MILLION DOLLARS) IN HELP AND THEY ARE GRATEFUL TO THEIR CITY FATHERS, BECAUSE THROUGH OPERATION UPTURN, EACH HOME OWNER RECEIVED \$3,500.00 FREE MONEY TO REMODEL THEIR DWELLING. IF THIS WAS NOT ENOUGH, THEN THE BALANCE WAS GIVEN WITH LOW INTEREST RATES AND LONG TERMS.

BAY ST. LOUIS HAS COMPLETED 170 HOMES, WITH ANOTHER 300 ON APPLICATION, AND THIS PROGRAM HAS BROUGHT ABOUT \$1,000,000 (ONE MILLION DOLLARS) WORTH OF CONSTRUCTION IN THE CITY.

AT NEWS TIME, I WAS UNABLE TO SECURE UP-TO-DATE FIGURES FOR WAVELAND, BUT I AM CERTAIN THAT THEY HAVE DONE EQUALLY AS WELL FOR THEIR PEOPLE.

A RURAL HANCOCK COUNTY FAMILY THAT NEEDS HELP

There Are Many People In Hancock County Who Need \$3,500.00 FREE MONEY To Give Their Families A Decent Home!

"CACTUS FLOWER" will be presented three nights this week at the Little Theatre, opening on Thursday, July 22. The Abe Burrows comedy is produced by Dixie Ogden and directed by Mary Carter. Shown above at a rehearsal are principal cast

members: Rubie Chapman, Cal Smith, Joseph Viguiera, Al Carlson, Pete Chapman, and Pat Hille. (Photo by Ed Fayard)

Theatre Will Exhibit Work Of Harry Ward Jr.

During the three performances of CACTUS FLOWER this week at the Little Theatre on Boardman Avenue, audiences will be privileged to view also a showing of the work of Harry

Ward, Jr., a local artist who for the past four years has been an instructor in art at the University of Southern Mississippi in Hattiesburg. The exhibit has been arranged by Mrs. Douglas Koger in accordance with the theatre's policy of providing a lobby display for audiences to enjoy during the intermission at each play.

Mr. Ward, a graduate of Bay High School, received his Bachelor of Arts degree in drawing and painting from the University of Southern Mississippi and his Master of Arts degree from East Tennessee State University. Since 1967 he has been on the USM faculty, teaching classes in drawing, design, and painting in a two-dimensional area. He feels

strongly that today's artist must be involved in more than one medium, and he plans to show approximately a dozen works covering a wide range from oil paintings to acrylic polymer, photo-serigraphy, and assembled relief (a combination of painting, photography, and sculpture). The theatre feels that this showing will afford a rare opportunity for acquaintance with relatively unfamiliar trends in modern art.

CACTUS FLOWER opens tonight for a three-night run.

Echoes

Barbara Bourgeois observed her sixth birthday and Armand Serpas his fifth at a joint party Sunday afternoon at the home of Barbara's parents, Mr. and Mrs. Louis Bourgeois. A number of relatives and friends helped them celebrate the occasion.

Mrs. Sam Vernon and daughter Cindy of Greenwood, Miss., left Saturday after a visit with her parents Mr. and Mrs. Horace Kergosien. Visiting in the Kergosien home this week are their son-in-law and daughter, Mr. and Mrs. Richard Russell and son Russ of St. Petersburg, Fla.

Mrs. Delta Lizana has returned home after a visit with her sister Mrs. Thelma Davis in Boxie, Miss.

Mrs. J.C. Baxter Jr. returned Thursday from a visit with her son and daughter-in-law Mr. and Mrs. Clay Baxter.

Richard Gaudet, Violet, La., has returned home after a two-week visit with his grandparents Mr. and Mrs. Henry Shiller at their home in Waveland.

The bright orange triangle on the back of Toby, a 300-pound land tortoise, means "Slow down! I'm traveling less than 25 miles per hour." According to the National Safety Council, use of the 14-inch-high warn-

ing device has brought about a sharp decrease in rear-end collisions with tractors, road graders and other slow moving vehicles.

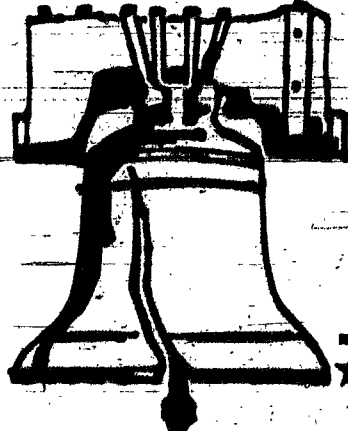

State legislatures have made them mandatory in 25 states, and another 19 states are expected to consider them in the coming year. At night a brilliant red reflective border makes the triangular shape visible in high beam headlights at a distance of more than a quarter mile.

VOTE FOR
The Man
Determined to make the most of his opportunities, William Winter went from his native Grenada County home to Ole Miss where he distinguished himself as the top graduate in his class.
Winter interrupted his education to serve almost four years in World War II. Rising from private to captain, he returned to school after service in the Philippines, but returned to uniform during the Korean War.
At 48 William Winter is a family man, church elder and college trustee. He has given freely of his time to Boy's Clubs, the Boy Scouts, the YMCA and the Mississippi Historical Society.
A respected attorney, William Winter and his wife, the former Elise Varner of Savannah, and their three daughters make their home in Bay St. Louis.

VOTE FOR
William Winter
FOR LIEUTENANT GOVERNOR
SUBMITTED TO AND APPROVED BY WILLIAM WINTER

THE OFFICE OF THE POLICE DEPARTMENT, BAY ST. LOUIS, MISS., WAS RECENTLY HONORED BY THE CITY OF BAY ST. LOUIS, MISS., FOR THE SERVICE OF THE POLICE DEPARTMENT. THE OFFICE WAS RECENTLY HONORED BY THE CITY OF BAY ST. LOUIS, MISS., FOR THE SERVICE OF THE POLICE DEPARTMENT.

BAY ST. LOUIS POLICE DEPARTMENT HONORED ITS RETIRED MEMBERS AT A PARTY RECENTLY. SEATED AT THE HEAD OF THE TABLE ARE ERIC NEALISE AND WILLIAM TATE, THE HONOREES. THE SURPRISE SUPPER WAS GIVEN BY CHIEF BOB GOODSELL AT HIS HOME ON WEDNESDAY, JULY 14. CLEARLY LIGHTERS WITH THEIR BADGES AND NAMES EMBOSSED ON THE SIDES WERE PRESENTED BY CHIEF COMMISSIONER FRISBIE AND CHIEF GOODSELL TO THE RETIRING OFFICERS. THOSE PRESENT, FROM LEFT TO RIGHT ARE: WILLIAM DORSEY, ALBERT BIEHL III, LARRY LADNER, DOUGLAS WILLIAMS, AUXILIARY CHIEF HARRY CHATMAN, WILLIAM TATE AND ERIC NEALISE, CHIEF GOODSELL, BILL CARBONETTE, ALVIN FARVE, HARRIS BOWREAN, AND EMMITT ELLIS.

Mayor Explains Trash Pickups

In the past year, a number of programs and campaigns initiated by the city of Bay St. Louis directed toward cleaning

and beautification of the community have borne fruit. The city as a whole is much improved as individual properties as well as neighborhoods are being cleaned, cleared and clipped. During specific spring and fall cleanup campaigns, city trucks provide special trash pickup schedules in addition to the usual weekly ones. However, some confusion has resulted concerning what type and size trash will be picked up by the city trucks in the period between campaigns. Information has been received from the Mayor's office which may help to clarify some of the confusion. What will or will not be picked up by city trash trucks on weekly runs. Residents are requested to observe the list of objects which the trucks cannot handle and are asked that they not be put out at street sides. City trucks WILL pick up the following objects: small limbs three feet or less in length, leaves and trash in containers only. Containers may be plastic trash bags or metal or plastic cans with tight fitting lids. The trucks WILL NOT pick up large limbs, logs, old lumber, bricks, building materials, tin, roof sheeting, junked household appliances, household effects and furniture, or any large objects of this type. Local residents are advised by the Mayor's office that they must arrange for disposal of these larger items, with a reminder that the only authorized dumping area at this time is at Jackson Ridge on the beach road. Anyone caught dumping garbage or refuse in any other part of the city or community will be violating city ordinances and therefore subject to full prosecution of the law.

Echoes

Lucky Dembras and Joe Ryan have returned from Atlanta, Ga., where they were guests of Lucky's brother-in-law and sister Mr. and Mrs. Robert Heilmann.
Mr. and Mrs. E.C. Strong visited over the weekend with their son-in-law and daughter Dr. and Mrs. Sam Sanders and family in Jackson.
Mr. and Mrs. George Cox and children Larry and Karen of Oklahoma City, Okla., have returned home after a three week visit with her parents Mr. and Mrs. Clarence Randolph.
Mrs. Cox, the former Fern Randolph, was over to attend a reunion of Bay St. Louis High School Class 1901.
Mr. and Mrs. Charles Strong of Monroe, La., visited over the weekend with his mother Mrs. Amanda Strong.

Clark and Mrs. Charles J. Van Tring had as guests last Sunday Mr. and Mrs. Wilson Vernon of Slidell, La. and Mr. and Mrs. J.E. Paul of Gulfport, spent the weekend with them.

GIRL STARS
Girl Stars Dianne Kidd, Charlotte Piazza, Evelyn Murphy, Levern Benigno and Kathy Frisbie will tell of their experiences and ideas for future Girl Stars at the August 2 meeting of American Legion Auxiliary, Unit 135, to be held at the American Legion Home, according to an announcement by Mrs. R. J. Reilly, Girl Star chairman.

STATE LAND COMMISSIONER
HELP HIM TO DEVELOP OUR OIL, GAS AND NATURAL RESOURCES TO THE FULLEST FOR THE BENEFIT OF YOU THE TAX PAYER.
(Ed. Pol. Adv.)

COULD YOU LIVE ON \$20,000.00 A YEAR?
On March 7, 1971, Tom Sumrell and one of his opponents, the candidate from the District Attorney's office appeared on a televised debate on WLOX.
Tom Sumrell took the position that the only effective way to operate the D. A.'s office was on a full-time basis. Mr. Holleman's chief assistant and junior law partner said that it couldn't be done and that he could not live on \$20,000.00 a year, the salary paid to a full-time district attorney.
Tom Sumrell can live on \$20,000.00 a year and he wants the opportunity to serve as your district attorney on a full-time basis.

Justice of the Peace
Beat 5
There are nine candidates qualified for Justice of the Peace in Beat 5. All are fine men and I'm sure they would serve our District in a dignified manner. It is a difficult choice for the voters, but it is one that has to be made on August 3.
If I am your choice, I would like to be able to say that by working with the Sheriff's Dept., the City Police, and other law agencies we will eliminate Narcotics, Car Theft, Break-ins, Robberies, Etc. We do not live in a world of magic and you can not wave a wand and make unpleasant things disappear, so my only promise to the voters, if elected, is to serve in this office with Dignity and Equal Justice for all.
I am presently Projects Manager for Burk & Associates, a member of the American Legion, the Sideline Club, past president of the Shamrockers, former County Housing Director, and former Federal Housing Inspector.

DOG'S LIFE

By MARJORIE FARNSWORTH Editor, Dogs Magazine

When the ancient Chinese named their "Year of the Dog" they had no way of knowing that in a mechanized future an unheard-of country called America would have a Million Dog Year.

It happened in 1970—and let me hasten to point out that the "million" applies to registered purebreds alone. There is no way to count the mixed-breed dogs in America, but a recent estimate puts their number at 26 million.

Let's simplify things and declare that with close to three million motorcycles on American roads today, there must be several dogs to chase each motor-cycle.

Registration figures of the American Kennel Club for last year reached a total of 1,056,225, as reported by the Gaines Dog Research Center. Last year's total was a mere 973,100.

Dogs Magazine has had articles about rare, "endangered species" of dogs. My purpose this time is to assess the popularity—the non-rareness, if you like—of certain breeds, most of which appear to be keeping their high ratings over the years.

Now, pause in your reading. If you will, to guess (as if you didn't know) which breed in America has ranked Number One in the Canine Hit Parade from 1961 through 1970. A little farther on you'll find out if you were right.

Please address all correspondence to the author at Dogs, 222 Park Avenue South, New York, N.Y. 10003.

The AKC recognizes 116 breeds in all and, according to an official, 1970 was the first time in a few years that all 116 were actually represented on the books of the organization.

Forgetting about the American Kennel Club for a moment

and the show-dog breeds, how many kinds of dogs can we actually find in this country? (If we want to spend a lifetime examining and classifying every dog we pass?)

Well, let's take half-breeds alone. One way to define species, whether dog, horse or man, is through the reproduction test: it is possible in theory for any animal who deserves to be called "dog" to mate with any other "dog," given the important criteria that both are mature and healthy and that precisely one of them is male.

If we consider all possible matings between 116 pure breeds of dogs, we discover that 6,670 different half-breeds are possible. One generation farther along, you may be jolted to learn, no fewer than 23,021,505 types of dogs are possible. As for which of these combinations have not actually occurred, no one can tell.

Returning to purebreds, the most popular dog in the nation through the decade of the sixties and on to 1971 is the Poodle. German Shepherds can second last year (and the year before), Dachshunds third, Beagles

MAYOR GARFIELD LADNER ENDORSES
HIS BROTHER CHRIS L. LADNER, SR.

★ ECONOMICAL PURCHASING

Chris plans to have one goal in mind when it comes to purchases for Hancock County. His main points will always be PROGRESS, ECONOMY AND DIGNITY.

★ CENTRAL FUEL DEPOT

Chris plans to establish and honestly regulate a Central Fuel Depot. This will most definitely bring about a savings to the taxpayers.

★ SELF SUPPORTING

Chris plans to support himself completely with the LEGAL pay as supervisor. In fact, this job will actually be a promotion for him.

★ LOCAL PURCHASING

Chris plans to purchase equipment and supplies, whenever possible, from merchants in Hancock County — NOT PEARL RIVER COUNTY — (Keep your tax money at home).

★ BEACH MAINTENANCE

Chris plans to always maintain the sand beach area on a regular and efficient basis. While attending the Waveland Political Forum, my opponent stated that he had only recently begun work of this type.

★ USE OF COUNTY EQUIPMENT

Chris will always be honest and legal in his operation and use of all County equipment.

★ RECREATIONAL AREAS

Chris plans to establish recreational areas in many parts of the County. A five million dollar park at Jackson Ridge is good, but what about our people in the central and northern sections of the County? They also are entitled to the same facilities.

★ INFORMATION CENTER

Chris plans to set up an office with a LOCAL phone number, and a Secretary to serve the public in a business like manner.

★ RURAL OPERATION UPTURN

Chris believes that the County Supervisors could and should have made an effort to have "Project Upturn" for our rural citizens. He feels that the Board could very easily have started this program at the same time as the cities did. This would have helped hundreds of needy families in the County to secure good homes, and especially since the first \$3,500.00 is a grant.

★ TRAINING & EXPERIENCE

HE WANTS TO USE HIS TRAINING AND EXPERIENCE IN THE WAVELAND PUBLIC WORKS DEPARTMENT TO IMPROVE HANCOCK COUNTY FROM THE COAST LINE TO THE NORTHERN TIP.

MAYOR GARFIELD LADNER HAS SERVED WAVELAND IN AN HONEST AND DEDICATED MANNER FOR 29 YEARS, AND CHRIS IS PROUD TO HAVE WORKED WITH HIS BROTHER IN AN EFFORT TO MAKE WAVELAND A MODEL CITY. CHRIS HAS A GOAL, WHICH IS TO EARN THE SAME REPUTATION FROM HELPING HANCOCK COUNTY.

Let's Elect
Chris L. Ladner, Sr.
Supervisor

Winners Named In Miss Gulf Coast Contest

(Picture Page 2C)

Tammy Bernoud, daughter of Mrs. Caynell Bernoud, sponsored by Jerry Lader Kirby Sales, was crowned Miss Gulf Coast in the 1971 Miss Gulf Coast Contest Saturday night at St. John's Church Fair, Hancock County Supervisor J.C. Maudray, highest bidder for the honor, crowned the winner. She

was presented an old-fashioned bouquet, compliments of Nina's House of Flowers. Shawn Heath, representing Health Flying Service, placed second and Denise Lyna Ronson, sponsored by Merchants Bank, was third.

Jan Peterman, daughter of Mr. and Mrs. Fred Peterman, representing "Lil Super Food

Mart, was crowned Miss Junior Gulf Coast by her father, highest bidder. She also received an old-fashioned bouquet from Nina's House of Flowers.

Robin Carr, representing Alvin M. Gentia won second place and Shelli Jeanfreau, sponsored by Carmel Seafoods, was third.

Russell Elliott, president of the Hancock County Board of Supervisors, highest bidder, crowned Miss Senior Gulf Coast, Yvonne Logan, daughter of Mr. and Mrs. August Usher. She represented Jimmy Lader.

Cindy Heffer, in a second place, represented Mont-Carver Plumbing Co. and Susan Ne-casio, sponsored by Schuffert Pontiac, placed third.

Judges Michael Green and Bob Walker of WTKX Radio Station, and Miss Louise Lader, who resigned as the first Miss Tiny Tot in 1958, were introduced by Master of Ceremonies Russell Elliott.

Miss Lader and Danielle Richards presented loving cups to the three winners in each division and Mr. Elliott presented a bouquet of red roses to Miss Shelli, compliments of Charles Sullivan, candidate for governor.

The 70 entrants wore short white dresses and carried bouquets of red carnations.

Late entries and their sponsors included Denise Lyna Ronson, Merchants Bank; Wendy Sue Carver, Premier Station; Michelle Rose Boswell, Fitz Garcia; Tracey Luxich, Cornelia Lader; Tiny Tot Division, Lorraine Lagarde, Mr. and Mrs. Hiram Farve; Nettie Karl, Sam Pernickaro; Shelli Jeanfreau, Carmel Seafoods; Melissa L. Lader, Friend; and Paula Deogracias, Junior Division. Judy Dorman, Payaloe Park and Tammy Lader, Market Industries in the Senior Division.

Rev. Bernard McDonald, pastor of St. John's Church, has expressed thanks to all sponsors, workers and all who helped in many ways to make the fair a success.

THE MEN of the 134th Trans Co. of the Mississippi Army National Guard at work during a clean-up campaign staged the weekend of the 10th and 11th of July. This clean-up campaign was held in cooperation with Operation Upturn and the City of Bay St. Louis and the Town of Waveland. During the day and a half that the company worked, the 10 trucks and 40 personnel hauled over 200 loads of trash from the streets of Bay St. Louis and Waveland. Shown in the picture from left are James Favre and Jack DeBlanc.

Infant Baptized

Kevin David, infant son of Mr. and Mrs. Frank Lionel Fayard, was baptized Sunday, July 11, in St. Agnes Church, Jefferson Parish, with Rev. Donald O'Donovan officiating.

Godparents were a paternal uncle and maternal aunt, James Fayard and Miss Karen Buehler.

Following the christening, a gathering was held at the family home.

A MESSAGE TO VOTERS

FROM

Marie E. Quintini

YOUR CHANCERY CLERK HANCOCK COUNTY

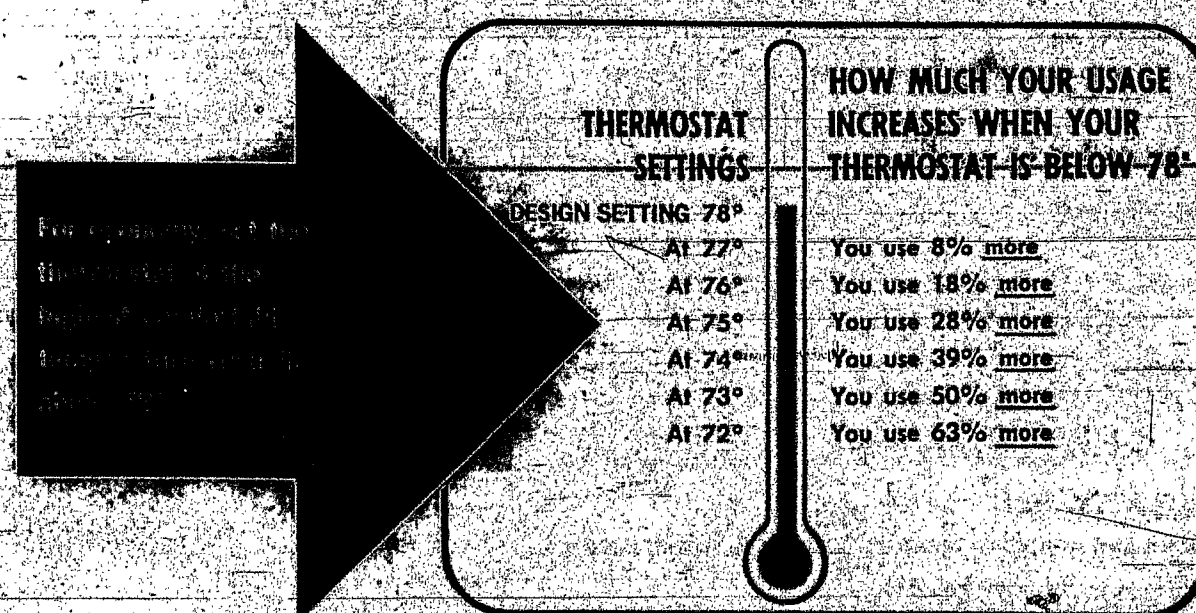

It is my belief that an understanding of the needs of my constituents is as important as my ability to perform capably the duties of the Office of Chancery Clerk. One such need is the ready access to my office and to my services at hours which are convenient for the average working person. To meet this need I have been consistently available, both in my office and in my home. I have opened my office in the Courthouse during the noon hour each week day, and I have received as many calls at my home as I receive each day in my office. I do not escape behind an unlisted telephone number after office hours. If you see fit to reelect me to the Office of Chancery Clerk of Hancock County, I will continue to make myself available to you, and to meet your future needs to the best of my ability.

Marie E. Quintini - Chancery Clerk

(Pd. Pol. Adv.)

The chances are you will be using more electricity during the hot summer months.

Here's how to get maximum efficiency when running your air conditioner!

For economical air conditioning --

Fan setting: Operate as you like best. "Auto" gives better humidity control and economy. "On" gives more uniform air motion, sound level and temperature.

Away from home: Set unit at 5° to 10° above normal setting with fan on "Auto" for mildew protection and quick comfort when you return.

Filters: Replace frequently. Clogged filters make unit work harder and cause higher operating costs.

Outdoor section: Keep clear of plants and obstructions.

Return air grill: Don't block air flow with furniture or drapes.

Windows and doors: Shut out heat from the sun with drapes or outside shading.

Insulation: Adequate insulation and proper attic ventilation will result in lower operating costs.

New Lifestyle Aids Mobile Homes

Ever wonder why more and more Americans are moving out of conventional housing and into mobile homes?

Many of these mobile home families will tell you they are running away from the paint brush and the crabgrass rake. They don't want to be chained to an endless round of cleanup, fix-up chores. They're tired of the competition for lawn-of-the-year or house-of-the-block honors.

This desire for a minimum involvement in housing has helped make the mobile home one of the most important elements in America's shelter industry. In 1970, more than 400,000 mobile homes rolled from assembly lines to neatly landscaped parks in every corner of the nation. Some authorities believe sales will reach the 600,000 level by 1975.

Arthur J. Decio, president of Skyline Corporation, world's largest mobile home producer, is convinced that a growing number of families no longer can be satisfied with traditional patterns of housing. "We know through our research," Decio said,

In Program

James R. Caldwell, son of Donald Caldwell of Bay St. Louis, is participating in the Cooperative Education Program at Mississippi State University.

The 20-year-old forestry major is currently studying forestry more year at the University. Caldwell is working toward his B.S. degree and at the same time is working with USDA Forest Service in alternating semesters.

The Cooperative Education Program is a five-year educational program which allows a student in various fields of agriculture, arts and sciences, business, education, engineering, and forestry to alternate with a business or industrial firm while enrolled at State.

By combining practical experience with theoretical training, this program provides the student with a superior educational opportunity, according to university officials.

Upon completion of the course of study, Caldwell will begin fulltime work with his cooperating firm or will join another organization which demands his specialized training.

GLUE REVERSES GRAVITY

"This piano could hang here for 50 years," said Chemist Bill Thomsen as he pointed confidently to the heavy grand piano glued upside down to the ceiling over his head by a thin film of glue called Eastman 910 adhesive.

The scene was an advertising photography session in the 12th-floor Manhattan studio of Eastman Chemical Products, Inc., where much of its advertising and promotional photography is shot. The company, based in Kingsport, Tennessee, is a subsidiary of Eastman Kodak Company.

As the scene was being furnished and accessorized and the piano people were shimming some of the keys to make the keyboard even, there were some nervous moments when the piano seemed to be sliding directly under the piano. But after an hour or so, they got used to the idea of the piano being on the ceiling, began to have confidence in the "gravity-defying" power of the glue, and photographer Dave Cherrington was ready to shoot.

Chemist Thomsen of Eastman's adhesives laboratory in Kingsport had come to New

The purpose of the rubber sandwich was to provide the intimate contact required between surfaces for the Eastman 910 adhesive to function 100 percent effectively. A metal-to-metal bond would have been equally strong if the surfaces had been machined to mate very closely.

The inside strength of the rubber had been pre-tested so Thomsen knew that the rubber laminate would stretch under the heavy pull without tearing apart.

The threaded bolts were then bolted through a studio-theatrical "flat," serving as a simulated ceiling, to steel bars.

Work with the sticky responsibility of applying the glue properly. As every do-it-yourselfer knows, a glue will only work well when the surfaces to be glued have been well prepared. And, oddly enough, the thinner the adhesive layer is, the stronger the bond.

Preparation included reinforcing the legs of the piano with steel bars welded to flat metal plates screwed into the bottoms of the legs. A 3/18 in. thick square of butyl rubber was then glued to these plates, while another set of metal plates—those being welded to the long threaded bolts—was glued to the other side of the rubber.

Then the piano was bolted upside down by two one-ton winch hoists fastened to the building's beams.

Six hours later, photography finished, the piano was lowered to the floor. The bolt assembly was removed after a struggle—by two strong Eastman men using hand twisting yanks. But they were doing it the hard way. They could have just sliced through the synthetic rubber.

For all its effort, Eastman ended up with a color photograph for an advertisement that proved the positive power of its Eastman 910 cyanacrylate adhesive and also proved its own honesty in advertising.

Sand Beach

OUR SAND beach should be a showcase. I plan to make it that. For instance, the State of Mississippi loaned Hancock County \$675,000, on long terms at low interest. If the money was wisely invested, the interest income alone would be enough to buy a beach sanitizing machine, pay for the cost of operation and maintenance and never touch the principal.

Beach Road

My opponent has stated several times that the Beach road would soon be restored and that the main reason for the two year delay was negotiating for the best price. I say that he has waited too long! I say that during this two year delay the cost of material and labor have increased tremendously! I say that inconvenience to the home owners has been shameful! I say that merchants are tired of losing business due to this poor business judgment.

Action Speaks Louder Than Words!

WE NEED FULLTIME ACTION!

NOT JUST A FULLTIME SUPERVISOR

Courthouse

MY OPPONENT takes credit for restoring the courthouse. Has he forgotten the other four supervisors? Has he forgotten the OEP? Has he forgotten all the concerned citizens who influenced the restoration? His flying all over the county did not get the courthouse restored. It would have been restored anyway under existing federal law.

Rural Roads

My opponent has stressed his experience as a Supervisor. If this is true, then why hasn't this experience been used to properly maintain the road system within Hancock County? Too many of our dirt and asphalt roads are hazardous and almost impassable because of a lack of planned and professional maintenance.

Ceremony Unites Miss Backe, Mr. Odom

Miss Jo Ann Backe, daughter of Mr. John Backe of Bay St. Louis and Mrs. Katherine Backe of Gulfport, became the bride of Hugh Odom, son of Mrs. Hazel Odom of Lumberton, Mississippi, on July 2 at Lutheran Church of the Pines, Bay St. Louis, pastor, officiated at the double ring ceremony.

MR. & MRS. HUGH ODOM, JR.
(PHOTO BY BOB HUBBARD)

quet of yellow daisies and white carnations.

Miss Cheryl Nybo of Bay St. Louis, her only attendant, wore a yellow silk cape floor length dress with a yellow daisy and circular veil headpiece. She carried yellow daisies and white carnations.

Bonnie Lee of Lumberton served as best man.

Following the ceremony a reception was held at the home of the bride's father.

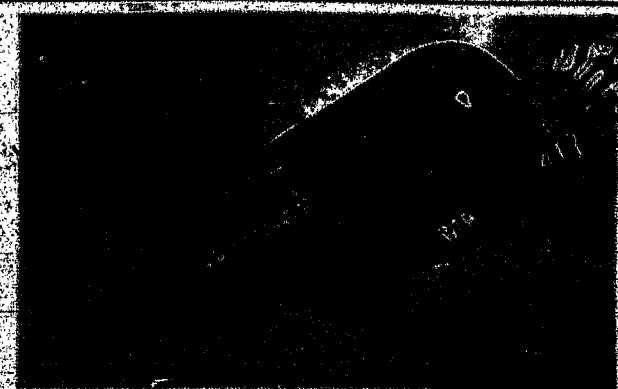

The bride's table, overlaid with a white cloth, held a three tiered cake trimmed with pale yellow spun sugar roses topped with the traditional bride and groom.

Miss Theresa Jones, Bay St. Louis, kept the guest register.

For her wedding trip the bride chose a green pants suit with a white daisy corsage. The bride is a graduate of Bay St. Louis High School, Class 1970.

The groom, a graduate of Hancock North Central, is presently employed by Coast Electric, Bay St. Louis.

The couple will make their home in Lumberton.

It's pretty annoying to find out that you have accidentally magnetized a small tool, such as a screwdriver, but don't fret. If you have a two post soldering gun you can easily demagnetize that pesky screwdriver. Just turn on the soldering gun and insert and withdraw the blade of the screwdriver several times between the two arms that form the tip. This does the job quickly and thoroughly.

W. A. (Fred) Curet

SHERIFF AND TAX COLLECTOR

HANCOCK COUNTY
BAY SAINT LOUIS, MISSISSIPPI 39520

July 19, 1971

TO THE VOTERS OF HANCOCK COUNTY:

Nearly four years ago I elected to serve you as a full time Sheriff and I would like to make note of the fact that I have not been absent from any term of court during my administration. It is my opinion that the Sheriff should be accessible to the public at all times and especially during court terms when his advice and position can be instrumental in aiding our courts in their efforts to achieve Justice for all. Accordingly, I have not been able to personally visit with as many of you, the Voters, as I would have liked. Therefore, in closing I would like to state that it is my intention to personally discuss with as many of the Voters as possible the achievements of my administration. However, should this be impossible, I use this means to solicit your vote and support for my re-election as Sheriff of Hancock County. I am running on my record and offer the many advancements that my administration has implemented in your Sheriff's Department, at no additional cost to the Taxpayers, as my qualifications for serving all the people of Hancock County for another term as your Sheriff.

Sincerely,
W. A. (Fred) Curet
W. A. Fred Curet, Sheriff

(Pd. Pol. Adv.)

THE NECAISE FAMILY ASKS FOR YOUR HELP IN PROMOTING ALBERT NECAISE TO FULL-TIME DISTRICT ATTORNEY

TO THE VOTERS OF HARRISON, HANCOCK AND STONE COUNTIES:

I take this opportunity to announce my candidacy for the important office of District Attorney for the Second Judicial District of Harrison, Hancock and Stone Counties.

I am a long resident of Harrison County, having graduated from St. John's High School, Perkinson Junior College, the University of Southern Mississippi where I obtained my BS Degree, and then attended the University of Mississippi School of Law for two years and obtained my law degree from the Jackson School of Law. I am a member of St. Joseph's Catholic Church, a member of the Knights of Columbus, 4th Degree, a member of the Gulfport Junior Chamber of Commerce, Orange Grove Civitan Club, Mississippi High School Football and Basketball Officials Association, and the Twenty-one Riders Club; also a member of the Harrison County Bar Association, Mississippi Bar Association, the American Bar Association, American Judicature Society, the Mississippi Trial Lawyers Association, American Trial Lawyers Association and the National District Attorney's Association. I am married to the former Lois Ann Walker of Mobile, Alabama, and we have three children, Ann 11, Michael 10 and Brian 9.

I am seeking a promotion to the office of District Attorney mindful of its importance and of the responsibilities and duties that accompany this office, having served as your Assistant District Attorney since April 6 of 1966. During this time it has been my responsibility to assist in the trial of, and to actually try many felony cases, and further to assist some thirty grand juries. I am familiar with the duties of the District Attorney's office.

A person who seeks the office of District Attorney should first realize the importance of this office and should prepare himself to serve in that capacity. The office calls for the most experienced man available from the legal profession.

The recent enactment of law created a third Circuit Judge for this District and increased the terms of Circuit Court to one hundred weeks per year. Therefore, I feel that the only way this job can be adequately performed is by the person serving in that capacity to serve on a FULL TIME BASIS. I WILL SERVE FULL TIME. I WILL NOT BE CONNECTED OR ASSOCIATED WITH ANY LAW FIRM IN THIS DISTRICT OR ANY OTHER DISTRICT, AND WILL NOT HAVE THE DISTRICT ATTORNEY'S OFFICE HOUSED IN ANY OFFICE WITH ANY LAWYER ENGAGED IN THE PRIVATE PRACTICE OF THE LAW. I WILL MAINTAIN OFFICES IN HARRISON, STONE AND HANCOCK COUNTIES, AND WILL HAVE REGULAR OFFICE HOURS TO ASSIST THE OFFICERS OF THOSE COUNTIES AND TO BE AVAILABLE TO DISCUSS CHILD SUPPORT CASES, AND FURTHER SO THAT ATTORNEYS REPRESENTING THE DEFENDANT WILL HAVE THE OPPORTUNITY TO DISCUSS THEIR CLIENT'S CASES WITH THE DISTRICT ATTORNEY PRIOR TO THE DATE OF THE TRIAL.

I want to serve you. I have qualified myself through education, training and experience to serve as your District Attorney. Please promote Albert Necaise to full time District Attorney.

Capable! Qualified! Experienced!

IT'S A FULL-TIME JOB, AND I WANT IT!

(Pd. Pol. Adv.)

PORTER'S SERVICE

Donald Marquar, Sr.
ANNOUNCES
FOR
Constable Beat 1
HANCOCK COUNTY.

To the voters Beat One, Hancock County
Election time is just two weeks away and I am afraid I am not going to get to see each one of the voters in my beat. I would like to take this means of letting you know your vote and support will be greatly appreciated. I have had law enforcement experience, having worked for a previous sheriff as deputy for four years. I was born in Hancock County and have lived here all my life. We now live in Payette Park. I am married to the former Lois Asher and we have two children. I am a veteran of World War II and a member of the Veterans of Foreign Wars, Post No. 6285. If you see fit to elect me as your Constable, I promise you to do all in my power to give you the kind of law enforcement you would expect of me. Again I will say your vote and support will be appreciated.
Sincerely and without any doubt, I would like to be given a chance to serve you as your next Constable.
DONALD MARQUAR SR.
(Pd. Pol. Adv.)

Oscar Peterson
ANNOUNCES FOR
Supervisor, District 3
TO THE VOTERS OF HANCOCK COUNTY

I, Oscar Peterson, take this as a means of announcing my candidacy for the office of Supervisor of District No. 3. I am a lifelong resident of Hancock County and have reared a family of five children. In addition to being a business man in the northern part of the county, I have also worked as a General Maintenance Man in the Bay St. Louis City Schools for the last eight years.
It is my firm belief that the Board of Supervisors should immediately initiate a long-range program to hard-surface all roads in the county. By set-marking a given percentage of all road and bridge funds each year eventually, all roads would be paved or black-topped and, when this occurs, maintenance costs would decrease to a minimum.
I also believe that a sound fiscal policy will promote business and industry. Any prospective business will most assuredly take a long, hard look at the tax structure as well as the political atmosphere of any county before investing a substantial sum of money in a new business. We need sound business leadership in order to encourage outside investors to come into our county.
It is my opinion that the Supervisors in Mississippi exert a great deal of influence in the Legislature. If I am elected, I fully intend to work with our Senators and Representatives on needed legislation. For example, I believe that we should have a uniform tax on all automobiles of a like model and make. Presently, we have a state-wide assessment on automobiles, but the millage varies from county to county. Residents of some counties pay double the amount of taxes on automobiles than residents of other counties. This situation needs to be corrected.
Many candidates say they believe in a great number of things, such as better roads, better schools, more industry, better health care, a better welfare program, more and better housing, and a number of other things that a good American citizen with a little pride would aspire to. I am also for all these things and I am willing to work for them. Ask the each voter who does not know me, ask someone who has met me, or ask me directly. I am willing to work for the laws of this state would attract a high-powered executive. However, I do believe that a business man who knows how to work can render a great service to his county and his fellow-man.
I sincerely ask that you give me the opportunity to serve all of the people of Hancock County as the next Supervisor of Beat No. 3.
(Pd. Pol. Adv.)

Simple Pleasures Of The Past Re-Created

In the days before wide spread pollution, fast automobiles and jumbo jets, Americans had an easier pace. In those decades before X-rated movies and color television, Americans relied on simpler, more personalized diversions.

At Greenfield Village in Dearborn, Michigan, visitors to this world-famous historic town at destination can relive the easier pace and share some of the simpler pleasures Americans enjoyed a century and more ago. Costumed singers, actors, craftsmen and musicians set as their guides, and a variety of antique forms of transportation are their vehicles as they take their nostalgic trips to quieter times.

Remembering when entertainment in rural America centered in the home or in town halls or just in a convenient outdoor location, a band of players re-create many of the diversions of the past throughout the Village every day.

Strolling minstrels play and sing folk songs and traditional ballads along the streets or aboard the Steamboat Suwanee, an enchanting puppet show re-creates delightful characters popular 150 years ago and concerts of American band music recall pleasant Sunday afternoons of the last century in a 19th century bandstand on the Village Green.

The Green is the center of most of the activity just as it was in the past. Outside the courthouse where Abraham Lincoln once practiced law, actors re-enact famous Lincoln-Douglas debates. In the Town Hall, a stage foot of the Green another re-enactment is featured. This one is of a colonial-town meeting, demonstrating how the early settlers governed themselves. It is followed by a series of 19th-century songs authentically performed in their original manner. Admission to "Town Hall Tonight" is 50 cents for adults and 25 cents for children.

Behind the replica of Independence Hall which forms the entrance to Henry Ford Museum at Greenfield Village, 14 acres of exhibits tracing 350 years of American history await visitors. The displays delineate the major developments in transportation, communication, agriculture, decorative arts and lighting. In adjacent Greenfield Village, actors, singers, craftsmen and musicians re-create the atmosphere of past centuries among the nearly 100 historic buildings, while antique vehicles offer rides through the quiet streets.

In another area, a typical frontier medicine show, complete with a "professor," a beautiful lady singer and an accomplice in the audience entertains visitors and even sells them a souvenir bottle of the miraculous "cure."

The past comes to life in other ways at Greenfield Village, too. Three hundred years of history lives in the nearly 100 homes, shops, stores and mills, re-creating the lives and surroundings of men like Noah Webster, Thomas Edison, Luther Burbank, Stephen Foster and Henry Ford in homes where they lived and shops where they worked.

In many buildings, craftsmen practice the skills of the past as others have done for centuries before them. Candle-makers, glass blowers, spinners and weavers, potters, a

Social Security Information

The Social Security Administration is looking for people to help it serve the people. It serves states, local governments, and the Social Security Administration has found that most social security business can be conducted by telephone without the individual having to meet a social security representative in person. This includes taking claims, answering questions, or completing questionnaires. The claim can be completed over the telephone and sent to the applicant for signature. The application is then returned to the social security office with all proofs (proof of age, proof of earnings, proof of relationship, etc.).

Mr. Stephens said, "TELE-SERVICE" saves time for the claimant as well as for social security. He encouraged full and regular use of this service. The telephone number for the Gulfport office is 854-2022.

The many vehicles that travel the streets of this Village recall the past in a most lively way, offering visitors a chance to ride horse-drawn carriages, carts and wagons or chug along in antique Model Ts. Perhaps even more exciting are the rides visitors can take on the Lagoon on the sternwheel steamboat Suwanee or between Smiths Creek Station and the Mill Pond on the century-old little steam locomotive, Torch Lake.

The past truly lives for summer visitors to Greenfield Village. The entertainers and craftsmen and the colorful antique vehicles make the past a reality for them, adding an extra dimension to history there.

Enjoy life now, but have a little fund for later.

Money can be pretty scarce. So when there's a little extra, treat yourself to some fun. You deserve it.
But when it comes to savings, you can't afford to wait for extra money.
Savings means putting aside a little something every week. And an easy way to do just that is by joining the Payroll Savings Plan where you work. That way an amount you specify is set aside from each paycheck and used to buy U.S. Savings Bonds.
And now there's a bonus interest rate on all U.S. Savings Bonds—for E Bonds, 5 1/2% when held to maturity of 5 years 10 months (4% the first year). That extra 1 1/2% payable as a bonus at maturity, applies to all Bonds issued since June 1, 1970... with a comparable improvement for all older Bonds.
Sign up now and before you know it you'll have your little fund for later.

Take stock in America.
100% higher paying U.S. Savings Bonds.

Oscar Peterson

ANNOUNCES FOR

Supervisor, District 3

TO THE VOTERS OF HANCOCK COUNTY

I, Oscar Peterson, take this as a means of announcing my candidacy for the office of Supervisor of District No. 3. I am a lifelong resident of Hancock County and have raised a family of five children. In addition to being a business man in the northern part of the county, I have also worked as a General Maintenance Man in the Bay St. Louis City Schools for the last eight years.

It is my firm belief that the Board of Supervisors should immediately initiate a long-range program to hard-surface all roads in the county. By earmarking a given percentage of all road and bridge funds each year eventually, all roads would be paved or black-topped and, when this occurs, maintenance costs would decrease to a minimum.

I also believe that a sound fiscal policy will promote business and industry. Any prospective business will most assuredly take a long, hard look at the tax structure as well as the political atmosphere of any county before investing a substantial sum of money in a new business. We need sound business leadership in order to encourage outside investors to come into our county.

It is my opinion that the Supervisors in Mississippi exert a great deal of influence in the Legislature. If I am elected, I fully intend to work with our Senators and Representatives on needed legislation. For example, I believe that we should have a uniform tax on all automobiles of a like model and make. Presently, we have a state-wide assessment on automobiles, but the millage varies from county to county. Residents of some counties pay double the amount of taxes on automobiles than residents of other counties. This situation needs to be corrected.

Many candidates say they believe in a great number of things, such as better roads, better schools, more industry, economic facilities, a better welfare program, more and better social services, a number of other things that a good American citizen with a little pride would agree to. I am also for all of these things and I am willing to work for them. I ask that each voter who does not know me, ask someone who knows whether or not I am a man who is willing to work. I do not believe that the salary of a Supervisor is fixed by the laws of this state would attract a high-powered executive. However, I do believe that a business man who knows how to work can render a great service to his county and his fellow men.

I sincerely ask that you give me the opportunity to serve all of the people of Hancock County as the next Supervisor of District No. 3.

(Pd, Pol, Adv.)

OSCAR PETERSON

Simple Pleasures Of The Past Re-Created

In the days before wide spread pollution, sleek automobiles and jumbo jets, Americans had an easier pace. In those decades before X-rated movies and color television, Americans relied on simpler, more personalized diversions.

At Greenfield Village in Dearborn, Michigan, visitors to this world-famous historic travel destination can relive the easier pace and share some of the simpler pleasures Americans enjoyed a century and more ago. Costumed actors, actors, craftsmen and musicians act as their guides, and a variety of antique forms of transportation are their vehicles as they take their nostalgic trips to quieter times.

Remembering when entertainment in rural America centered in the home or in town halls or just in a convenient outdoor location, a band of players re-create many of the diversions of the past throughout the Village every day.

Strolling minstrels play and sing folk songs and traditional ballads along the streets or aboard the Steamboat Suwanee, an enchanting puppet show re-creates delightful characters popular 150 years ago and concerts of American band music re-creates pleasant Sunday afternoons of the last century in a 19th century bandstand on the Village Green.

The Green is the center of most of the activity just as it was in the past. Outside the courthouse where Abraham Lincoln once practiced law, actors re-enact famous Lincoln-Douglas debates. In the Town Hall, at the foot of the Green, an ancient re-enactment is featured. This one is of a colonial town meeting, demonstrating how the early settlers governed themselves. It is followed by a series of 18th-century songs authentically performed in their original manner. Admission to "Town Hall Tonight" is 50 cents for adults and 25 cents for children.

Behind the replicas of Independence Hall, which forms the entrance to Henry Ford Museum at Greenfield Village, 11 acres of exhibits tracing 250 years of American history await visitors. The displays delineate the major developments in transportation, communication, agriculture, decorative arts and lighting. In adjacent Greenfield Village, actors, singers, craftsmen and musicians re-create the atmosphere of past centuries among the nearly 100 historic buildings, while antique vehicles offer rides through the quiet streets.

In another area, a typical frontier medicine show, complete with a professor, a beautiful lady singer and an accomplice in the audience entertains visitors and even sells them a souvenir bottle of the miraculous "cure."

The past comes to life in other ways at Greenfield Village, too. Three hundred years of history lives in the nearly 100 homes, shops, stores and mills, re-creating the lives and surroundings of men like Noah Webster, Thomas Edison, Luther Burbank, Stephen Foster and Henry Ford, in homes where they lived and shops where they worked.

In many buildings, craftsmen practice the skills of the past as others have done for centuries, before them. Candle makers, glass blowers, spinners and weavers, potters, a

blacksmith and others demonstrate the crafts vital to early Americans.

The many vehicles that travel the streets of the Village recall the past in a most lively way, offering visitors a chance to ride horse-drawn carriages, carts and wagons or chug along in antique Model Ts. Perhaps even more exciting are the rides visitors can take on the steamboat Suwanee or between Smiths Creek Station and the Mill Pond on the century-old little steam locomotive, Torch Lake.

The past truly lives for Summer visitors to Greenfield Village. The entertainers and craftsmen and the colorful antique vehicles make the past a reality for them, adding an extra dimension to history there.

Enjoy life now, but have a little fund for later.

Money can be pretty scarce. So when there's a little extra, treat yourself to some fun. You deserve it. But when it comes to savings, you can't afford to wait for extra money. Saving means putting aside a little something every week. And an easy way to do this is by joining the Payroll Savings Plan where you work. That way an amount you specify is set aside from each paycheck and used to buy U.S. Savings Bonds. And now there's a bonus interest rate on all U.S. Savings Bonds—for E Bonds, 12% when held to maturity of 5 years 10 months (4% the first year). That extra 2% is payable as a bonus at maturity, applies to all Bonds issued since June 1, 1970, with a comparable improvement for all older Bonds. Sign up now and before you know it you'll have your little fund for later.

Take stock in America. With higher paying U.S. Savings Bonds.

The U.S. Government does not sell Bonds directly to the public. They are sold through banks, brokers, dealers, and other authorized agents.

Social Security Information

The Social Security Administration is continually trying to provide better service to the people it serves. At the Gulfport office, Mr. Stephens, Acting District Manager of the Gulfport Social Security office.

One of the most effective methods for providing better service is use of the telephone. The new approach is called "TELESERVICE." Mr. Stephens said the Social Security Administration has found that most social security business can be conducted by telephone without the individual having to meet a social security representative in person. This includes taking claims, answering questions, or completing questionnaires. The claim can be completed over the telephone and sent to the application is then returned to the social security office with all proofs (proof of age, proof of earnings, proof of relationship, etc.).

Mr. Stephens said, "TELESERVICE" saves time for the claimant as well as for social security. He encouraged full and regular use of this service. The telephone number for the Gulfport office is 864-2022.

Friloux Reveals Plans For Bay Fire Department

EDWARD FRILLOUX

Opportunity may open the door for you, but only hard work will keep you on the inside.

One of the first programs Friloux plans to initiate is a controlled building inspection for safety and to familiarize the department with possible hazardous conditions existing within commercial buildings. A record of inspections and noted fire hazards will facilitate more efficient fire suppression activity.

A training program in basic fire fighting will begin Wednesday at the fire department training center, Yalena C. Jones School. Applications will be taken at the completion of this program.

Another innovation will be a warning system for invalids. Clearly marked stickers will be placed on the outside front of an invalid's home as well as one on the door of the invalid's room enabling firemen to effect a safe and immediate rescue of an invalid trapped in a home on fire.

The system will go into effect as soon as specially ordered stickers are received.

A Fire Department Booster program will be initiated to help obtain new, advanced equipment and better techniques of fire suppression. Members of the community can aid their fire department, Friloux said, by becoming a booster. For a donation of \$1 to \$5 a booster will receive a decal with black letters on a white ground designating him a Bay St. Louis Fire Department Booster. A donation of \$5 to \$50 brings a red decal with gold lettering. For a gift of \$50 or more, a donor receives a gold decal with black letters, as well as his name published in the newspaper twice a year listing Gold Seal Boosters.

Another project which will result from training programs will be a fire department first aid booth, to be provided at all large public events, such as football and baseball games, Carnival parades, fairs, and such.

Fire department organizations to be open to citizens of almost all age groups will be held for school children (with indoctrination and fire prevention courses), Junior Ladies Auxiliary for school girls, and both Roman Catholic and Protestant fire department chaplains.

Fr. William Kelly of the Divine Word Seminary has been appointed Catholic chaplain for the department, Friloux announced.

Friloux said that the department is planning to build a new station on Bay St. Louis. This only way we can build the fire department that Bay St. Louis deserves is for the public that we're protecting to work with us. The cooperation of local citizens in joining the organizations that we're forming will help to make this town a safer place for our children.

Japanese Suki-yaki To Make At Home

Japanese Suki-yaki is special because you can prepare it quickly right at the table so that the whole family can participate. Suki-yaki, a classic Japanese main dish, gives an Oriental flavor to that all-American favorite, quick-to-fix Minute Rice.

SUKIYAKI

2 1/4 cups water
3/4 teaspoon salt
1 tablespoon butter (optional)
2 1/4 cups packaged enriched rice-cooked rice
2 tablespoons salad oil or other shortening
2 cups sliced yellow onions
1 large carrot, thinly sliced (about 1 cup)

1/2 pound fresh mushrooms, thinly sliced (about 3 cups)
2 tablespoons sugar
1/2 cup soy sauce
1/4 cup hot water
1 pound lean sirloin or flank steak, cut in thin slices
1 package (10 oz.) fresh spinach leaves, washed and well drained

Bring 2 1/4 cups water, the salt, and butter to a boil. Stir in rice. Cover; remove from heat. Let stand 5 minutes. Fluff with a fork before serving.

Meanwhile, heat salad oil in a large skillet. Add onions, carrots, and mushrooms. Cook and stir over medium heat until onions are tender but not browned. Add sugar, soy sauce, and 1/4 cup water. Bring to a boil. Add meat; stir until lightly browned on the outside. Do Not Overcook—vegetables should be crisp. Serve immediately over the rice with additional soy sauce, if desired. Makes about 6 cups Suki-yaki and 4 1/2 cups rice or 6 servings.

Caruso Works On Apollo 15

Vincent P. Caruso, son of Mrs. Pascal Caruso, 105 Toulon St., Bay St. Louis, Miss., has a personal interest in the Apollo 15 mission.

Caruso is employed as deputy chief of the research and process technology division with NASA's George C. Marshall Space Flight Center which provided the huge Saturn launch vehicle to propel the space craft to the moon.

He works at the center's Huntsville facility.

Center personnel developed the lunar rover vehicle for Apollo 15. The small electric car is programmed to transport Astronaut David R. Scott from the lunar module to the moon's surface and back.

Caruso, a 1964 graduate of Saint Stanislaus High School, received his B.S. degree in engineering in 1961 from the University of Alabama.

His wife, Johanna, is the daughter of Mr. and Mrs. Joseph Castiglia of 1601 Pike Ave., Birmingham, Ala.

PLEASE

I am presently seeking re-election to the office of Board of Supervisor of District No. 3.

My Qualifications:

I am now and have been for the past 20 years the owner and operator of Juan Cuevas' Gravel Pit. I do not now, nor have ever in the past, had to depend on the salary from the Board of Supervisors as my sole income. I am a third degree member Pere Le Duc Council of the Knights of Columbus. I was elected to the ASHLEY County Committee for 10 years prior to my election to the Board of Supervisors. I had to resign this post due to federal regulations which do not permit a County elected officer to serve. I am a member of the Farm Bureau and the Amniation Catholic Church.

SOME OF THE FACTS

- ★ Rebuilt 95% of roads in old Beat No. 3.
- ★ Rebuilt Beach Road from Highway 90 North to Jourdan River.
- ★ Rebuilt approximately 15 miles of Hard Surface Road.
- ★ Rebuilt approximately 20 miles of All Weather Gravel Road.
- ★ Total road construction - approximately 35 miles in one term of office.
- ★ More roads built in one term of office than in the past years.
- ★ Let the Record speak for Itself.

THOUSANDS VISIT FAULKNER HOME

The Oxford homeplace of the late William Faulkner, the man considered by many scholars as the greatest writer of fiction of the 20th century, is attracting thousands of visitors from all over the nation and throughout the world to Oxford and to the University of Mississippi. Rowan Oak, the stately home of the Mississippi author who won both the Nobel and Pulitzer Prizes, is under lease by Ole Miss and is open to visitors from 3 to 5 p.m. weekdays and from 1 to 5 Saturdays. Students and scholars of literature are primary among visitors to Rowan Oak.

State Attempting To Prevent VEE

Venezuelan equine encephalitis, now raging in Texas, is transmitted only by the bite of infected mosquitoes, said Dr. Duane Blakely, State Preventable Disease Control Director. He said the disease is not transmitted from person to person or between horses.

While there is a vaccine to protect horses, the vaccination of horses would not stop the spread of the virus, which is spread by the bite of infected mosquitoes, he said.

The basic control measure is control of the mosquito population by the usual methods, including protection from their bites, he said.

"There is no generally available vaccine for humans," he noted.

Dr. Blakely said that public health is preparing for the collection and examination of mosquito pools and evaluation of human cases of meningitis, encephalitis and myelitis as they may occur.

He said the consensus is that no real reason exists to prevent the appearance of VEE in other southern states.

"Consequently, we have intensified surveillance, particularly in the southern half of the state," Dr. Blakely reported.

"While the currently threatening Venezuelan type of equine encephalitis is quite serious for horses, it is usually quite mild in humans," Dr. Blakely said.

"Most often the encephalitic component is not observed or is no more than severe headache with fever," the public health specialist explained.

Dr. Blakely said that at this time of the year, reports of horse encephalitis will be expected and attempts to verify the etiologic agent will be undertaken.

The important point is that other types of encephalitis of the same virus group occur in the state," he said. "These more familiar forms take such names as Eastern and Western equine or St. Louis encephalitis."

In any case, Dr. Blakely said, the natural cycle is between any one of several mosquito species and birds.

"Under certain circumstances," he said, "mosquitoes may bite other animals, and some of these animals may be seriously affected."

Dr. Blakely said that the state health department is preparing for the collection and examination of mosquito pools and evaluation of human cases of meningitis, encephalitis and myelitis as they may occur.

He said the consensus is that no real reason exists to prevent the appearance of VEE in other southern states.

"Consequently, we have intensified surveillance, particularly in the southern half of the state," Dr. Blakely reported.

Remarks and Conclusions from Appraisers Report.

The appraisers are thoroughly familiar with the subject property and comparable sales. Also, we are aware that there is a filed plat for a subdivision (Jackson Park, filed November 21, 1968) with-in Tract No. 1 of the subject property. It is the opinion of the appraisers that the said plat was filed in violation with the existing subdivision regulations, by the Hancock County Board of Supervisors. There has not been any recorded lot sales and no improvements (streets and canals) as indicated on the plat that have been started. Therefore the appraisers considered this part of the subject as undeveloped land.

Hurricane Camille depreciated land values across the entire county. The subject property was completely covered by high water and had severe timber loss and damage. All comparables (sales) were prior to the hurricane and there are no known sales of undeveloped land in the area of the subject property.
